Truman Gets Sharpest Rebuff Despite Pressure

New Paltz College Enrollment Gains

Haggerty Says Factor Is Encouraging to Future of Teaching

Student enrollment at New Paltz State Teachers College, New Paltz, N. Y., has increased 14.4 per cent over last year it is revealed by Dr. William J. Haggerty, president of the college. Seven hundred seventy-seven students registered for the fall semester 1949-50 including 274 freshmen, 217 sophomores, 156 juniors, and 122 seniors. A factor of encouragement to the teaching profession is the greater number of men registered in the teacher preparation program this year. Figures indicate an increase of 15.2 per cent. Veteran enrollment at New Paltz has dropped as it has in colleges and universities throughout the country since many of the veterans who flooded colleges after the war have now completed their studies. On the other hand, the number of advanced students who have transferred to New Paltz from other institutions has increased from 8 to 30. Included among the student (Continued on Page 12, Col. 6)

Minor Labor Angle Settled on Project

Woodstock Water Program Is Progressing, Say All Concerned

Woodstock, Oct. 13—Work on the Woodstock Water District's project is progressing satisfactorily, town officials, the contractor and union men agreed today. An announcement from the Kingston office of Local 17, International Brotherhood of Carriers, Building and Common Laborers Union, this morning indicated that settlement had been made of a reported minor dispute involving employment of "four or five" non-union workers. Although Frederick W. Dusing, business agent for the local, was not present for comment, official announcement was made from the union office that men are working away and have been working daily. The union and the Peckham Road Corporation of White Plains, the contractor, are in agreement and no trouble is anticipated. It was stated at the union office. This announcement indirectly confirmed a report from Woodstock that three or four non-union men working on the job had been with the union in response to its request. The contractor has estimated (Continued on Page 10, Col. 5)

Treasury Receipts

Washington, Oct. 13 (AP)—The department of the Treasury Oct. 11: budget receipts, \$122,986,000; budget expenditures, \$163,000,000; cash balance, \$4,880,000; total receipts, \$127,866,000; total expenditures, \$167,880,000; deficit, \$40,014,000. (Continued on Page 10, Col. 5)

Dies of Auto Injuries

Hudson, N. Y., Oct. 13 (AP)—The Rev. Harry Book, 82, of South Greenham, Mass., died in Columbia Memorial Hospital early today of injuries suffered in an automobile accident near here Sunday.

Red Trial Is Up for Jury Late Today

Jurors May Get Case About 4 P. M. After Judge Completes His Charge

McGohey Sums Up

Prosecutor Says F.B.I. Will Go Underground, if Party Does

New York, Oct. 13 (AP)—The government's case against 11 high U. S. Communists neared the jury today when the government completed its summation shortly before noon. Federal Judge Harold R. Medina said he would begin his charge to the jury at 1 p. m. (E.S.T.). The charge is expected to take about two and one-half hours, so the jurors may get the case about 3:30 or 4 p. m.

The 11 Communists, who form the Communist party's American politburo, are charged with conspiring to reorganize the party in 1943 to teach and advocate the violent overthrow of the United States Government. U. S. Attorney John F. X. McGohey, who completed his summation at 11:48 a. m., referred to the intimidation of Eugene Dennis, one of the defendants, that the party might go underground if the defendants are convicted. "I assure you," McGohey said, "that if the party goes completely underground, the F.B.I. will go along with them, poring over their customary efficiency the task assigned to them in the detection of crime."

Dennis is general secretary of the Communist party. McGohey told the jury of eight women and four men that if they found the law had been violated, they should return a verdict of guilty "as a clear warning to all that a crime of this character may not be committed with impunity. The people of this country are entitled to be assured of this."

He said also that they should not hesitate to render a verdict of acquittal if they found the law had not been violated. McGohey said the Communist party concentrated on educational work to achieve ultimate overthrow of the government by force.

When proceedings opened Defense Attorney Harry Sachse requested permission to place a matter before Judge Medina in chambers. However, when the court announced he would hear the request only in court, Sachse said he preferred to drop the matter. McGohey told the jury that Communist teachings held that a proletarian peace could be achieved "only by the smashing of the bourgeoisie."

Sino Reds Are 30 Miles From Nationalist Canton

Hong Kong, Oct. 13 (AP)—Telephoned reports from Canton said Nationalist forces tonight abandoned the south China city. Plans for all organized resistance ended within the provisional capital. Entry of Communist troops is now awaited.

Reds Approach City
Hong Kong, Oct. 13 (AP)—Chinese Communist troops today speared directly down the Canton-Kowloon Railroad to within 30 miles of the dying Nationalist capital.

Eighty thousand government soldiers appeared isolated in the Canton region. The Nationalists, with their leaders already fleeing to Chungking, are expected to abandon the city within 72 hours. Red guerrillas were reported operating on the outskirts.

One escape route followed a twisting rail line 85 miles to British Kowloon territory, and Hong Kong was alerted for any possible kind of trouble.

Over 30,000 Hong Kong garrison troops faced the Chinese border. Battered by artillery, tanks and fighter planes, they were massed along 14 miles of the frontier. Within this city, which has 2,000,000 Chinese inhabitants, police held anti-riot exercises. No trouble with the Red troops was anticipated. In fact, British authorities are trying to avoid any incident which might lead to a skirmish with the Communists when they reach the frontier. Police squads manned the border; troops were held about two miles back.

What concerned Hong Kong officials was that Nationalists might flee along the Canton-Kowloon railway and pour over the border into Kowloon on the mainland adjacent to Hong Kong island. These strangers then would have to be disarmed.

The British colony is far better defended than it was when the

Farm Publication Endorses Sen. Dulles

Ithaca, N. Y., Oct. 13 (AP)—The American Agriculturist, 107-year-old farm publication, today endorsed John Foster Dulles, Republican nominee for U. S. senator from New York in the Nov. 8 election. Edward R. Eastman, editor, said it was the first time the publication backed a political candidate. Eastman, in an editorial captioned "An important decision," wrote: "John Foster Dulles stands for good sound Americanism and is emphatically opposed to statism, socialism, Communism and all the other isms that time and again have ruined other countries and will ruin ours if we let them get control."

Dulles Back In Drive in Rural Areas

Cobleskill, N. Y., Oct. 13 (AP)—Senator John Foster Dulles steered his campaign back into rural byways today, spurred by a prediction he will carry populous Buffalo in the Senate election November 8.

The Republican candidate returned to the hustings after an overnight trip to Washington, where he voted against confirmation of Leland B. Olds as a member of the Federal Power Commission.

Dulles voted with the Senate majority that rejected President Truman's reappointment of Olds by a 53-15 vote.

Dulles flew to Washington from New York city last night. He returned upstate by train to resume his "register-and-vote" drive in Republican Schoharie, Otsego and Delaware counties.

He called again for heavy registration tomorrow and Saturday to offset an expected big vote for his Democratic-Liberal opponent, former Gov. Herbert H. Lehman, in New York city.

Dulles moves into Chenango and Madison counties tomorrow to wind up his fourth upstate swing in as many weeks.

Dulles ended two days of intensive stumping in Buffalo yesterday with what he called "the happiest reaction."

The Erie county Republican chairman, Harry J. Forhead, predicted that Dulles would carry the state's second largest city by a 16,000 vote margin.

President Truman, with all-out CIO labor support, piled up a 40,000-vote margin over Governor Dewey in Buffalo.

Dulles, after making eight appearances in Buffalo, said he left "with expectations I will do much better in this area than I had anticipated would be possible."

Buffalo, however, is a strong union labor center. The state CIO and the State Federation of Labor (A.F.L.) have endorsed Lehman in the Senate race. Lehman favors full repeal of the Taft-Hartley Labor Law. Dulles has (Continued on Page 10, Col. 6)

Church Ban Put On Woman After Second Wedding

Catholic Nuptials Put Mrs. Obolensky Out of Catholic Faith

New York, Oct. 13 (AP)—Claire McGinnis Obolensky, married Monday to an Astor fortune heir, was declared excommunicated from the Catholic Church today for a second wedding ceremony in the Russian Orthodox cathedral.

She first was married at St. Patrick's Cathedral to Ivan Obolensky. The Roman Catholic ceremony was followed by the Orthodox wedding to satisfy Obolensky's family.

Mrs. Obolensky is the daughter of Mrs. Felix X. McGinnis of San Francisco, and was educated in California. Her husband is the son of the former Alice Muelier Astor, daughter of the late Col. John Jacob Astor, and Col. Serge Obolensky.

The announcement by the Chancery office of the New York Roman Catholic Archdiocese said: "In response to many inquiries received at the Chancery office, we wish to state that before this marriage was arranged at St. Patrick's Cathedral, both parties solemnly promised in writing that there would be only the Catholic ceremony."

Both therefore, violated a solemn promise in having the second ceremony, and the Catholic party automatically incurred excommunication by this action."

An excommunicated Catholic cannot partake of any of the sacraments of the church. The church holds these sacraments are essential to salvation. The ban may be lifted if suitable repentance is made.

Mrs. Obolensky attended the Convent of the Sacred Heart and Miss Burke's School in San Francisco and was graduated from Finch Junior College.

Her husband, a writer, is a Yale graduate. He was in the (Continued on Page 10, Col. 6)

Warning Is Given Keep Out of Leaves

Police Chief Raymond Vanden Buren in a statement to the press today requested parents of the city to prohibit their children from playing in leaves piled on city streets.

The chief stressed that it is a common practice among children to bury one another in the leaves and play other and similarly dangerous games. A small child buried in a pile of leaves may not be seen by drivers of cars or trucks pulling into curbs, and the practice is therefore extremely dangerous, the chief said.

Warm Spell Ends With Rain, Wind

Overnight Low 51 Degrees; Rain Occurs in Most of New York

An overnight low temperature of 51 degrees today broke the four-day warm spell in which the mercury went 80 and above and shattered records in many parts of the eastern part of the nation as well as in the city and county.

Yesterday's high was 83 degrees, the same as that of Sunday when the unusually warm October weather began. It reached a peak Monday with a high of 89 and continued Tuesday with a top temperature of 81.

Slight rains riding on shifting winds last night broke the spell, and the weather bureau said the cooler weather would continue today and tonight, but tomorrow will be sunny and warmer.

The mercury hit 61 locally at 11:30 a. m. today and the forecast today said temperatures will range between 30 and 40 tonight. The Associated Press said that rain in most sections yesterday broke the October heat wave, and the highest temperatures expected today would be generally in the sixties. The rain in all areas of the state was light.

Register Tomorrow

Friday and Saturday are the last two days of registration in this city for the important election to be held November 8. Polls will be open tomorrow from 10 a. m. to 10 p. m. and on Saturday from 7 a. m. to 10 p. m.

Do not wait until the last minute to perform this very important civic duty. Register tomorrow as something may happen to prevent you from registering on Saturday, which is the last day. Do it tomorrow and get it over.

If you do not register, you cannot vote. If you do not vote, you are not doing your duty as an American citizen.

Steel Industry Has No Sign of Peace; Ching to Hold Parley

Pittsburgh, Oct. 13 (AP)—Government-prodded negotiations to end the 25-day-old coal strike continued today—despite another blunt refusal from the United Mine Workers to renew their contract for two years.

U.M.W. Vice President Thomas Kennedy says the union is willing to "continue in these meetings until we get a contract."

There's no sign of collective bargaining in the strike of 450,000 C.I.O. United Steelworkers.

Federal negotiators also renewed their efforts today to get Steelworkers' President Philip Murray and industry leaders back at the bargaining table.

Cyrus S. Ching, U. S. conciliation director, headed for New York to talk with officials of Bethlehem Steel Corporation.

Ching is setting up similar meetings with U. S. Steel Corporation and other top steel producers. Then, he hopes to talk to Murray.

The veteran "feelworkers" leader shows no inclination to give up his fight for a non-contributory pension and welfare plan. He insists industry follow the exact recommendations of the steel fact-finding board and pay to create an hour to finance the entire program.

Pensions are a big issue, too, in the strike of Lewis' 380,000 soft coal diggers. It's set up a pension and welfare fund to provide them but the benefits were cut off last month.

Lewis, acting as a trustee, said some southern operators had discontinued their 20-cent-a-ton royalties into the fund after the contract expired June 30.

Western and western operators at White Sulphur Springs yesterday offered to renew the contract until April, 1951. Their chairman, Frank Amos of the Pittsburgh Consolidation Coal Company, said renewal of the old agreement is their "best and final offer."

Amos added, however, the operators want "unrestricted use of our facilities." He explained that means an understanding Lewis no longer would call strikes under contract clauses which say U.M.W. miners dig coal only when "able and willing."

A gruff "no" was the U.M.W.'s answer. The operators got that answer when they made the same offer four times before.

Lewis wants on hand for the negotiations but is expected to take part today. He had to stay in Washington yesterday in connection with a suit filed against him and other trustees of the U.M.W.'s pension fund.

George H. Livengood, ex-miner of Uniontown, Pa., and a fund pensioner charged the trustees with illegally dissipating the fund. Lewis categorically denied the charges.

The fund is Lewis' big worry. He wants the royalty payments increased. There's some talk, too, that he would like a seven-hour day for eight hours' pay.

So far, operators say they haven't an inkling of just what Lewis wants.

His chief lieutenant, Kennedy, says the practice of disclosing demands in advance was "the old technique and we're using a new technique."

At Charleston, W. Va., where the Southern Coal Producers Association resumed contract sessions, President Joseph L. Moody declared:

"No actual change in status and no tangible progress."

The union spokesmen declined comment.

A few hours later Alabama coal operators at Birmingham asked the U.M.W. to order their 15,000 miners back to work.

L. W. Rouzer, president of the Alabama Mining Institute, made the appeal on the basis that the Alabama operators have no dispute with the union. He said there has been no failure in Alabama to continue the royalty payments and that competing fuels are cutting into the market for Alabama coal.

The union didn't reply immediately to Rouzer's plea.

Says Costello Out

New York, Oct. 13 (AP)—Nobold Morris, Republican-Liberal Fusion candidate for mayor, told a news conference today that Frank Costello, gambling figure, "has been driven out of town by an aroused public opinion."

Eisenhower Tops List To Appear

Also Defense Secretary Johnson Is to Be Heard as U. S. Civilian Boss

Accuses Johnson

Chairman Vinson Sees 'Grandstand Play' by Economy

Washington, Oct. 13 (AP)—The House Armed Services Committee agreed today to hear the air force next week in reply to the navy's bitter criticism of its B-36 bomber program. Secretary of Defense Johnson also will testify then.

Chairman Vinson (D-Ga.) and Secretary Johnson held a long conference this morning. Afterwards, Vinson announced the schedule for the next phase of the committee's inquiry into military policy.

Vinson said that beginning next week the committee will hear Gen. Dwight D. Eisenhower, Gen. Omar Bradley, Secretary of Air Sygmission and air force officers. Then, he added, "Secretary Johnson will give the committee and the country" his views.

Johnson, as civilian boss of all the armed services, is caught squarely in the crossfire of the angry controversy over military policy.

He also has come in for harsh words from some Congressmen here because, by executive order, he has cut back appropriations that the lawmakers made for the navy.

Vinson publicly accused Johnson yesterday of making "a grandstand play" by economizing on navy funds. He said the committee "is to have a lot to say about this."

Rep. Edward Hebert (D-La.), a committee member, said in a speech at New Orleans yesterday that Johnson is trying to "scuttle the navy. He said Johnson was appointed defense secretary as a "political payoff."

Johnson led a drive for campaign funds last year when the Democratic Party was in tight financial straits.

The hearing schedule that Vinson outlined for next week is larger than he had indicated, prior to the conference with Johnson.

Announcing it to the committee, Vinson said:

"I want to be fair. There are always two sides to every question. We will have a full, open frank discussion."

Rep. Gavin (R-Pa.) wanted to know if the navy would have a chance at "rebuttal" after the air force and other military witnesses conclude.

The navy will have a chance to reply, Vinson agreed.

Rep. Cole (R-N.Y.) asked if Capt. John G. Crommelin would be heard. Vinson said the committee would discuss that at a later date.

Crommelin is the navy flier who publicly admitted that a navy morale had fallen in a war zone. He also gave news reporters copies of correspondence that Secretary of the Navy Matthews has called confidential. Matthews has ordered disciplinary action against Crommelin.

Repeatedly, throughout the navy's presentation of its case, there have been arguments from the sea service that it should be permitted to go ahead with plans to build a giant, super- aircraft carrier.

Johnson cancelled those plans last spring after the keel for the big ship was laid.

Rep. Hanes (R-Mass.), a committee member, said the navy's arguments have convinced him that he thinks construction of the carrier should go ahead.

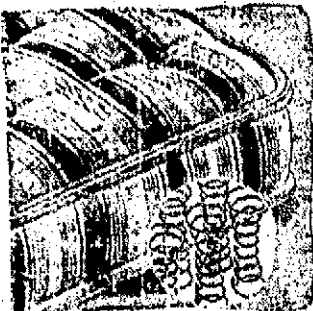

After announcing his plans for next week, Vinson said he hoped the navy could wind up its case by tonight.

Topping the navy witness list were Fleet Ad. Chester W. Nimitz, war-time Pacific commander in chief; Adm. R. A. Spruance, Pacific Task Force commander; Adm. Louis E. Denfeld, chief of naval operations; and Adm. Louis De Forest, top navy researcher.

First, however, Vinson ordered Vice Adm. Robert H. Canby to tell the committee who signed the Pentagon order that directed an \$800,000,000 slash in defense appropriations for the fiscal year ending next June 30—before Congress had even approved them.

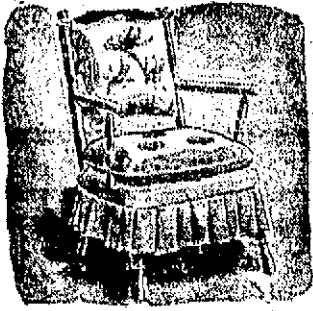

Vinson's blast at Johnson and (Continued on Page 12, Col. 12)

MILLIONS CHOOSE NATIONAL SHOES—HOW ABOUT YOU—

New York Telephone Co.

The greater the distance,
the bigger the **THRILL**

Why deny yourself the thrill and pleasure you'd get from talking across the miles to folks who mean a lot to you?

"Because it costs too much!" you say. Bosh! Just look over the typical out-of-town rates listed below and see how little it really costs.

And if you have the idea that out-of-town calling is slow or difficult, just remember this: most calls go through in a minute, and the operator handles everything for you.

How to telephone out-of-town at bargain rates:

First, use the fast, low-cost Station-to-Station service—which means you will talk to anyone who answers the number you call. If you don't know an out-of-town number, give the operator the name and address. She'll be glad to complete the call and give you the number for future reference.

Secondly, take advantage of the low night and Sunday rates, which are generally in effect from 6 p.m. to 4:30 a.m. weekdays and all day Sunday.

"HAPPY BIRTHDAY TO YOU" sounds just as good over the telephone as it does when you are present. Why miss all the fun of those out-of-town birthday parties?

HOME COMING DELAYED? If you're still out of town when you had hoped to be home, a long-distance call will relieve the family of a lot of suspense and worry.

A "GET-WELL" CALL is a wonderful idea. Most people getting over an illness feel time goes so slowly. A long-distance call will pep up their whole day. Many hospitals rooms now have telephones.

Here are typical Station-to-Station night and Sunday rates from

KINGSTON

Rates to other places are correspondingly low.

Seattle, Wash. \$2.00	Cleveland, O. 75	Albany, N. Y. 75
El Paso, Tex. 1.85	Duluth, Minn. 1.35	Plattsburgh 70
Charleston, S. C. 1.10	Baltimore, Md. 55	Ogdensburg 70
Bangor, Me. 70	Harrisburg, Pa. 45	Rochester 70

The above rates are for an initial three-minute period, exclusive of Federal tax.

Do You Remember

by
SOPHIE MILLER

Arthur Parish called me that he remembered well the Roundout to South Rondout ferry, which used to leave from Johnny Fischler's Hotel spot on Abel street. It was a flat-bottomed scow and hand propelled. It had room for four toms and coaches and sometimes used to come right up on the beach so that the horses then had to go in the water a little before they could get on it.

"Say something about Brooklyn," the baseball fans request. I leave baseball to the sports department, but have been loaned "The National Geographic Magazine" dated April 1939, in which an article written by Frederick Simplic, relates much about Brooklyn and its historic shrines. Quoting in part: "Henry Ward Beecher, brother of Harriet Beecher Stowe, who wrote Uncle Tom's Cabin, was long Brooklyn's most famous citizen. From his pulpit in Brooklyn's famous Plymouth Church, Henry W. Beecher sold the slave girl 'Pinky' into freedom at public auction. Plymouth Church, with its pulpit of olive wood brought from the Mount of Olives, How vividly Sir Francis Bacon, foreseer, present scientific wonders 316 years ago in his essay 'New Atlantis' in 1623 as he said, 'We have boats for going under water... flying in the air... artificial echoes reflecting the voice many times... lights of all colors... lights which we carry to great distances.' At Brooklyn Navy Yard Bacon's 'boats for going under water' are being built. Since 1801 this Brooklyn Navy Yard has laid keels for wooden 'ships of the line,' for frigates, sloops of water, paddle wheel steamers, torpedo boats.

Times have changed since Henry Hudson sent a shore party to explore Coney Island in 1609. He then steered uncertainly by crude instruments. Today, Brooklyn's Sperry Gyroscope Co., turns out magic aids for navigation in sea and aircraft used all over the world. The Mergenthaler plant on Ryerson street in Brooklyn makes the famous typewriting machine which revolutionized the reading habits of the world as neatly 100 different languages and vernaculars can be set on this machine.

In the 1820's, Brooklyn could boast of eight ropewalks, but only seven churches and saloons. To fit out a full-rigged ship in those days it took some 40,000 pounds of cordage. Today, ships don't take so much. Although they now make better rope than did the Romans then, but still its all twisted in the same traditional Roman manner, strands left, final rope to the right.

Long before the Brooklyn Dodgers days, when the Dutch bought Manhattan from the Indians in the days of straw roofs, wooden chimneys and windmills, little remains now except old documents.

Brooklyn was called 'Broekelen' and Flatbush was dubbed

"Midwout." There is record that in 1639, Lion Gardiner was able to buy Gardiner's Island for a dog, a gun, some rum and blankets. This true baronial estate, with manor houses and slaves, persisted unspoiled through 300 years in the same family, who even knew Captain Kidd. Kidd paid them an unexpected visit, demanding certain favors, and hid some of his loot on their island home. Later it was recovered, and Kidd was hanged on London's Execution Dock.

It seems the Long Island Railroad came first, then came the famous Coney Island as the high-wheeler bicycle came from England in 1876 and the League of American Wheelmen were formed. They raised funds to build a cycle path from Brooklyn to Coney Island and issued 5,000 tour books.

When cheap, quick rides brought this half-wild, isolated back country close to crowded New York, it began to turn into what it is now, a colossal playground.

Same Technique Although whale oil candles went out of fashion 100 years ago, skilled American glassworkers are today making glass candleholders by hand by virtually the same methods they used a century ago.

Final Registration Days Friday and Saturday are the final days of registration in this city for the general election on November 8. If you do not register, you cannot vote. Polls will be open on Friday from 10 a. m. to 10 p. m. and on Saturday from 7 a. m. to 10 p. m.

Can't Always Be Sunny The saying goes that you can't teach an old dog new tricks. Apparently this does not hold true as far as man's oldest timepiece is concerned. From the Jewelry Industry Council comes the information that a new type of sundial has been invented with one hundred and ten different faces designed to give accurate time throughout the year. The same inventor has also come up with a sundial wrist or pocket watch, but the Council recommends that when you buy a watch you choose one of the more modern varieties in case of a rainy day.

Lead British Tourists London, (AP) — California sent more tourists to Britain during the 1949 season than any other

state in the union, the Travel Association says. Of Americans who came here, 16 per cent were from California, 10 per cent from New York, 7 per cent from Massachusetts, 6 per cent from Illinois and 6 per cent from Pennsylvania. The association said 61 per cent of the American visitors were women, 9 per cent children.

1000

Try It...

...and You'll Like It!

Sign of Our Time?

Fashions in lapel watches seem to reflect, in some way, the thinking of their times. In past years they have taken the form of such things as insects, padlocks, crosses, coffins, and even a death's head, according to the Jewelry Industry Council. The trend today seems to be toward lighter and more pleasant subjects, however. The passing of the hours is marked by watches which are disguised as windmills, sunbursts, ballerinas, bow-knots and "beating hearts."

As Pegler Sees It

to be right then when so many others were trying so hard to find fault in Wallace, mightn't I be right again now in crying out that the income tax is a repeater of the constitution, being applied by degrees?

The provision of the amendment that the tax money should not be apportioned among the states was a clever ruse to permit Congress thereafter to slice money around for the purpose of buying votes. This was practiced with some restraint until Roosevelt came along and decided to shoot the works.

I have a letter from a judge of the Supreme Court of one of our mid-western states who says it is too bad that the people think there is no limit on the power of Congress to squander this income tax money to win votes at the next election, and on globalism. He correctly points out that the income tax amendment did not expand the purposes for which federal funds could lawfully be expended. But he admits that billions of dollars have been spent unlawfully by Congress or with authorization from Congress, which amounts to the same thing. When that happens, who is going to sue whom? Can the citizen sue Congress and compel these men and women to make restitution? That is out of the question. The result now is that Congress is spending billions of dollars of this tax money for unlawful purposes and intends to go on spending thus and all this in absolute, defiant violation of the Constitution. If Congress flouts the Constitution we are sunk.

Article I, Section 8, first paragraph, provides that Congress can collect taxes for three purposes, to wit: To pay the debts of this nation, to provide for the common defense of this nation and to provide for the general welfare of this nation. But we are not paying the debts of this nation and we are providing for the defense of Greece and other nations and for the general welfare of Italy and other nations.

"By what process can it be said that providing for the general welfare of this nation includes handouts to first one group of in-

dividuals and then to another for the personal benefit of those in one or another of the special and preferred groups?" the judge inquires.

That is where the positive forbiddance of "apportionment" comes in to allow Congress to interpret "general welfare" as political purposes.

"The Truman government is demanding a payroll or withholding tax, an additional withholding tax, for socialized medicine. They don't dare say how much it will be. But it might be ten per cent to start, in addition to the social security income tax, which has been squandered, and all this in addition to our present income taxes. So you may agree that I am talking sense and not just talking big when I warn you that Congress is steadily reducing the amount of your wages which you are allowed to keep."

The constitution and the men who wrote it never even considered a proposition to put the individual citizen absolutely at the mercy of Congress as this tax amendment does. What good are your other constitutional protections if Congress has the power to take all your income and put you in jail for trying to hide some of it? When Congress does that, you are a pauper and a ward of the government. As a ward you will be given some kind of shelter, whether barracks or a palace, depending on how well you stand with the rulers. You will have no money to buy food so you will stand in a long line or eat high on the hog as a member of the ruling mob. Apply the same thought to clothing, to the selection of jobs and hours of labor, and finally, to your civil rights.

But, surely, this is just a wild fear! Surely, Mr. Truman isn't that kind of man! Well, maybe not, but I don't trust anybody with the power to grab all the income of all the people.

Mr. Truman showed that that is exactly the kind of man he is when he got Congress to give him a tax-exempt \$50,000 raise, disguised as an expense allowance. Without the same obligation to account for it that is imposed on you and Congress showed the same arrogant temper in passing that fraud and in giving itself a \$2,500 tax-exempt raise also in the guise of an expense allowance, also without accountability.

Without the unlimited power of the income tax they couldn't do that. They wouldn't have the money.

Need Special Oil

The minute drop of oil required by your watch to keep it going would seem to be so small as to be unimportant. But actually, the Jewelry Industry Council says the finding of a proper lubricant for that small mechanism has been a major problem in the development of watchmaking. Modern watchmakers use synthetic oil which are mixtures of various compounds in which the attempt is made to accentuate the good features and minimize the undesirable ones found in natural oils. Before these synthetics were developed, however, such things as porpoise jaw oil, Neatsfoot Oil (an oil extracted from the foot bones of cattle), mineral and vegetable oils were among those used.

California has 95 institutions of higher learning—35 colleges and universities, 34 professional schools and 45 junior colleges.

Army Officers Get Their Pay Increase

Washington, Oct. 13 (AP)—President Truman's signature on a \$300,000,000-a-year military pay bill assured the nation's top brass today of their first general pay increase since 1938.

Mr. Truman signed the bill into law today. Effective Oct. 1, it provides salary raises for just about every member of the army, navy, air force, coast guard and other uniformed services.

Pay for the very lowest ranks, which has risen since 1939 from \$21 a month to \$75, remains unchanged, but back privates with five months' service get a \$5 raise.

The generals and admirals fare best under the new scales, with raises running as high as \$300 a month for top officers with 30 years' service.

The new law provides higher compensation in many cases where men were retired for disability, and calls for gradually doing away with family allowances for enlisted men.

Beauty First

The new covered watches which are designed as part of a jeweled bracelet tend to make your watch doubly important as a decorative piece as well as a time piece. According to the Jewelry Industry Council, the first wearers of watches took pride in them more from a standpoint of decoration than anything else. From the sixteenth century until well into the eighteenth, the principal difference in watches was the shape and decoration of the case. Their value as a precision instrument was a secondary consideration.

Displaced Persons Fight Weakens

Washington, Oct. 13 (AP)—The battle over displaced persons legislation shifted to the Senate floor today amid indications that opponents are waging a losing fight.

Democratic Leader Lucas of Illinois said he planned to call the House-passed bill up for action during the day. It is one of the major hurdles still in the way of an early adjournment.

The measure would raise the number of displaced persons eligible for admission to the United States from 205,000 in two years to 339,000 in three years.

Passed by the House June 6 it was turned loose from the Senate Judiciary Committee yesterday by a 7 to 3 vote and sent to the Senate without recommendation.

Home Children Need Costumes

An abundance of fresh fruit, canned fruit and vegetables was sent to the Children's Home, 77 East Chester street, this week by the Milton Presbyterian Church. The contributions came as a result of the annual Harvest Home Festival celebrated at the church. The staff of the home express their sincere appreciation for the food.

As Halloween approaches an appeal is made for costumes. Last year some extremely nice ones were received following the appeal but since the family has grown from 16 children to 35, more are needed.

Other contributions received during September and October by the home for which the staff expresses thanks includes:

Food—Rosendale Reformed Church, Mr. Livingston, Enai Bryth Lodge, Mr. Elmendorf, Kiowa Club, Trinity Lutheran Church, Mrs. George Brown, Jr., Clothes—Mrs. Gilbert, Barnhardt, Mrs. Frank Carboni, Mrs. Leo Moser, Mrs. Robert Esposito, Mrs. Erwin Cram, Mrs. Edward Ashton, Miss Helen Clearwater, Mrs. Evelyn Chase, Mrs. Lloyd LaFever, Mrs. Lillian Ahl, Mrs. M. Donald Lane, Mrs. George N. Shively, Mrs. Cochran.

Miscellaneous—American Legion, puzzles and records; Blinnwater Lake Ice Co., ice; First Church of Christ Scientist, literature; Mrs. Theron L. Culver, magazines.

Final Registration Days

Friday and Saturday are the final days of registration in this city for the general election on November 8. If you do not register, you cannot vote. Polls will be open on Friday from 10 a. m. to 10 p. m. and on Saturday from 7 a. m. to 10 p. m.

ANOTHER "PEACHERINO" AT GRAND UNION

Back in the 1920's "Peacherino" was an expression which meant something "especially good". This week Grand Union has an "especially good" value in new 1949 pack Freshpak peaches. For "Peacherino" values in everything you buy, remember—your money buys more at your Grand Union store.

Beware Coughs From Common Colds That HANG ON

Cremulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREMULSION
for Coughs, Chest Colds, Bronchitis

Misses Drills, Is Held at A.W.O.L.

Harry R. VanDeMark, 21, of 198 Trumper avenue, charged with being absent without leave from 27 out of 60 authorized National Guard drills, was arrested last night by Officer Charles Hoehling and Special Officer Thomas Lawyer, of the local police, and held in the county jail pending appearance before a court martial board tonight.

VanDeMark was a member of Service Battery, 156th Field Artillery, and after a consultation between Lt. John B. King, commander of the battery, and Col. Frank W. Harkin, commander of the 156th Field Artillery Battalion, it was decided to have VanDeMark picked up by the local police for being A.W.O.L.

Milk Hearing Is Set for October 19

New York, Oct. 13 (AP)—A hearing has been scheduled for Oct. 19 in Albany on proposals to raise the price paid to farmers in the New York milkshed for milk used for fluid purposes, it was reported last night.

The one-day hearing (10 a. m. E.S.T.) at the Ten Eyck Hotel was announced by a milk spokesman who declined use of his name.

The Federal Department and the New York State Department of Agriculture and Markets will conduct the hearing.

The price for fluid milk now is \$3.24 per hundred-weight (about 47 quarts).

A proposal to boost it by 44 cents to \$3.68 has been made by the Metropolitan Cooperative Milk Producers Bargaining Agency, Inc.

A boost of \$1.08 to \$4.32 is sought by the Eastern Milk Producers' Cooperative Association, Inc., the Mutual Cooperative Independent Producers, Inc., and the United Milk Workers.

Prices set after the hearing will be in effect in November and December in the milkshed area.

Producers, dealers, consumer groups and the general public may appear at the hearing.

A milk dealer spokesman "assured yesterday that retail price cuts—effective today in the New York metropolitan area—were started by Sheffield Farms to hold a "monopoly grip" in the industry.

Alfred Sperber, executive director of the Independent Milk Handlers and Processors Association, said Sheffield has "resolved to spend millions and millions of its swollen profits . . . to destroy the independent milk dealers of New York."

Sperber, whose association members sell at wholesale and retail in the metropolitan area, denied Sheffield's claim that the home-delivered price cuts of 1½ to 2½ cents a quart were made because of improvements in operation.

The Borden Company matched Sheffield's price cuts, announced Monday, saying it was doing so for competitive reasons. The cuts quickly spread to many retail stores.

Station Wagon Hits House, One Hurt

Edward Casey, 21, of Stone Ridge, was injured when a station wagon he was driving struck a porch on Washington avenue early this morning.

A police report at 1:55 a. m. said Casey was driving a station wagon, owned by Mrs. Margaret Casey of Stone Ridge, west on North Front street and turning into Washington avenue, when "it failed to make the turn," ran over the curb and struck the front porch at 405 Washington avenue.

Officer Charles Hoehling and Special Officer Thomas Lawyer investigated, and Casey was taken to Kingston Hospital for treatment of a laceration of the forehead, which, the report said, "required nine stitches" to close. The report also said "teeth were loosened and knocked out."

Police said the station wagon apparently had struck a pole in front of 401 Washington avenue, hit two parking meter stations, and damaged a drain pipe and lattice work at 405 Washington avenue.

Nils Stange, 25, and Gordon Fedde, 26, both of Stone Ridge, who were riding with Casey, reported no injuries, and the police report said: "The driver believes that either the brakes failed or the steering wheel may have caused the accident." The vehicle was damaged considerably.

Lehman Wants UN To Have Power to Limit All Arms

New York, Oct. 13 (AP)—Former Gov. Herbert H. Lehman said in a campaign speech last night that this country should strive to get vastly expanded powers for the United Nations.

He pinned his greatest hopes for avoidance of atomic war on abolition of the U.N. veto in the field of armaments.

Lehman, Democratic and Liberal party candidate for U. S. Senator charged that Russian leaders "plan to spread the dominion of their harmful system throughout the world."

Until they can be made to see the "utter folly" of their policies, he declared, the United States must "be so strong that no nation will dare to attack us."

Lehman made no mention of his Republican opponent, Sen. John Foster Dulles, who has charged that Communists are supporting Lehman although he has publicly disavowed their backing.

Speaking over the New York state network of the Columbia Broadcasting System, Lehman devoted himself to "the subject of world peace."

State C.I.O. President Louis Hollander said yesterday that Dulles—like a modern Rip Van Winkle—"has been asleep for 20 years."

Dulles, "has come down out of the hills, understanding nothing

of the progress we have made," Hollander said.

"He thinks he is still in the world of Herbert Hoover," Hollander said in a statement issued after a statewide conference of C.I.O. leaders.

Lehman said in his radio speech that while this country is "striving for the best" to get the United Nations more power, "we must prepare unceasingly for the worst."

He urged effective integration of the armed services, pressing forward without delay the arming of our allies in western Europe, and development of a comprehensive plan for defense of the Atlantic community.

In his program for peace, Lehman said:

"Let us propose to the nations of the world that the United Nations be given the power to limit all arms—not just atomic weapons, but all weapons as well—under an effective system of international inspection and control."

Lehman's devotion of his speech to foreign affairs took on added significance because his Republican opponent has won a reputation in that field.

John Glidden invented the first practical barbed wire in 1872.

of the progress we have made," Hollander said.

Dispute on Wages Settled on Water Tunnel Project

Following a settlement of the dispute over wages which had closed down the tunnel jobs of the Frazier-Davis Company and the Walsh-Perrini Company, workmen returned to work Tuesday afternoon on the Frazier-Davis tunnel job between Grahamsville and Neversink. Wednesday the men returned to work on the Walsh-Perrini tunnel job between Grahamsville and Neversink.

The Walsh-Perrini contract is for the driving of a 25-mile tunnel from Grahamsville to Downsville as a part of the New York city water works project and involves a \$14,000,000 contract and will take five years to complete. This job has but recently been commenced and only a comparatively few men have been employed there. The Frazier-Davis contract, which is for a five-mile tunnel, has been underway for some time and about 150 completed.

Settlement of the wage dispute was effected Tuesday afternoon at a meeting in the Frazier-Davis Company office at Grahamsville where representatives of the two companies involved met with representatives of Local 17. Following settlement of the dispute about 2 o'clock the men agreed to return to work.

Propaganda Is Topic at Rotary Club Luncheon

Propaganda was the topic of Captain A. S. Hickey, U. S. Navy Retired, who addressed the Rotary Club at its luncheon-meeting on Wednesday at the Hotel Stay-venant. The speaker was introduced by Program Chairman C. F. Pierce.

The captain spoke in part as follows: "When the serpent persuaded Eve to eat the apple it was the most disastrous use of propaganda the world has ever known. Alexander the Great, and Genghis Khan used messengers to spread terror into the enemy ranks. Mark Anthony harangued the crowd and Brutus, the murderer of Caesar, did. The printing press, the telegraph, the cable, the telephone, radio and the movies as well as television are modern agents of propaganda which in general terms may be defined as sight, sound and the written word."

Propaganda is a weapon of national policy as well as the means used to persuade you to accept doctrines and opinions disseminated by interested groups or individuals. It may be true or false and it becomes your responsibility to search out the truth. Unconsciously we accept as true nearly all government political information. When a government of a "Propagandist" feels that the public can no longer be fooled by the methods in use, new ones are developed. The propaganda used in this war was different from that used in World War I for "You can't fool the people twice with the same type."

It is difficult to sift the truth from the false and you must be as clever as the people who "manufacture" it. Let us examine a newspaper article especially one from a foreign country. We must ask for the agency that sent it, the AP, the UP or the INS and the ownership then the date line and place, the headline and story below the line (sometimes they do not agree), faded photographs, whether the article is based on facts and whether or not the article was written by a special correspondent. Sometimes such men or women do not speak the language of the country from which the dispatch was sent and must depend on interpreters who are biased. If the story is based on facts what is the character of the writer? Is he a government official, a partisan, religious groups, economic groups, business or commercial agents (there are all most important). And last but not least, we should know whether the sides have been presented. Homeless papers are often accused of disseminating propaganda which will benefit someone who is unable to bring pressure on the owners.

The agents through whom false propaganda may be distributed are many. Time does not permit mentioning all of them. Individually who can be unconsciously influenced are most dangerous. It is able to start whispering campaigns, write chain letters, disseminate facts, call names, make viciously malicious others, spread downright lies, etc. As propaganda agents children are out-stand in local communities.

Cornelia Vanderbilt Is Wed in London

London, Oct. 13 (AP)—Cornelia Vanderbilt, once called the world's richest bride, was married a second time yesterday.

The American granddaughter of famed Commodore Vanderbilt was married in deepest secrecy to Vivian Francis Bulkeley-Johnson, 38-year-old London banker. A notice of intention to wed gave her age as 43.

Miss Vanderbilt married John Francis Anherst Cecil, then first secretary of the British embassy in Washington, in an ultra-fashionable wedding in Washington in 1924. They were divorced 10 years later.

Yesterday she and Bulkeley-Johnson drove up back streets and slipped through the back-

door of the drab Kensington Registry office here for a brief ceremony witnessed by only four people.

Miss Vanderbilt inherited \$40,000,000 from her father, George W. Vanderbilt.

Auto Tire Has Springs

London, (AP)—A British tire firm has developed a non-skid tire with steel coil springs in place of the usual tread. The springs are embedded in the time during the vulcanizing process. The company, (Tyresoles, Ltd.), calls the invention "Viresoles." Sir Patrick Hamilton, its chairman, said engineers agreed that for safe driving on wet roads the firm of water under the tire must be shattered and dispersed quickly. The company claims the springs do this efficiently.

Attlee Rejects Election Demand

London, Oct. 13 (AP)—Prime Minister Attlee turned down today demands for a general parliamentary election this fall and decided that his Labor government would ride out Britain's economic crisis.

The announcement that there would be no early election was made in an official statement said to quiet disturbing effects on trade and industry caused by widespread speculation of a vote this fall.

The Labor government's five-year term runs until next July. Under Britain's constitutional system, the prime minister has

authority to call an election at any time.

Attlee announced that he would not advise King George VI to dissolve Parliament this year. General elections in Britain are precipitated by dissolving Parliament.

Attlee's announcement set a precedent. It is the first time a prime minister has used an official statement to say "no" to an election.

Ever since Britain devalued the pound from \$4.03 to \$2.80 on Sept. 18 there has been a rash of predictions that Attlee might seek an early vote of confidence from the people.

Leftwing Laborites have urged a vote soon on the ground that rising prices caused by devaluation might cut into the government's popularity within a few months. Devaluation also was followed by rising pressure from the oppo-

sition Conservative party and some sections of the press and business for a general election. Generally these groups contended the government should place its Socialist policies and planning and finance before the electorate this autumn.

"We wish to take this opportunity to thank all our customers for their kind patronage during this season. We'll be open again in the spring to serve you in the same friendly manner."

ROSSINGER—In this city on October 11, 1949, Walter C. Rossinger of Bushnellville, beloved husband of Adele; loving father of Jean.

Funeral services at the Gorman Funeral Home, Poughkeepsie, Thursday evening at 8 p. m. Interment at the convenience of the family, Friday afternoon in Shandaken Cemetery.

Memorial
In memory of my dear husband, Gustav A. Schneider, who left us one year ago, October 13, 1948. This day brings back sad memories.

Of a loved one gone to rest,
Dear to those who loved him,
Not lost just gone to rest,
He but no one his last farewell,
He waved his hand to none,
His spirit flew before we knew,
That he from us had gone.
The flowers we place upon his grave,
May wither and decay,
But love for him who sleeps beneath,
Shall never fade away.

Signed,
WIFE, DAUGHTER and SON

Memorial
In memory of our parents, Marcus and Mary Schneider, who died April 6, 1916 and October 13, 1948, brothers Walter and Jesse Ostrander February 6, 1917 and October 31, 1947.

The flowers we place upon their graves,
May wither and decay,
But our love for those who sleep beneath,
Will never pass away.

Local Death Record

Funeral services for Margaret Warren of Union Center were held Wednesday afternoon from the Union Center chapel. Services were largely attended by her many relatives and friends. The Rev. Robert Baines and the Rev. H. E. Christiana officiated. Tuesday evening members of the Union Center No. 922, P. M., visited the funeral home and conducted ritualistic services. The services were conducted by Richard Gendreau, master, and Charlotte A. Schomaker, chaplain. Burial was in St. Remy cemetery.

Funeral services for Robert Thomas Shea of Bloomington, World War II veteran who died suddenly in this city on Sunday, were held Wednesday morning from the W. N. Connor Funeral Home. The Rev. William J. McVey of the First Presbyterian Church officiated. The services were largely attended by relatives, friends and neighbors. Tuesday evening Bloomington Fire Department visited the funeral home in a body and services were conducted by the president, Frederick Shea, and the Rev. David C. Weidner, chaplain. Burial was in the family plot in Wiltwyck cemetery.

John T. McKee died Tuesday in Kingston following a prolonged illness. He had been a lifelong resident of the city and for many years was a painting contractor. He was the son of the late Thomas and Mary Omenits McKee and is survived by two sisters, Mrs. George Magley, Kingston, with whom he had made his home; Mrs. Joseph W. Bernstein, Brookville; and several nieces and nephews. The funeral will be held from the home of Mrs. Magley, 61 East Chester street, Saturday at 11 a. m., thence to St. Mary's Church where a mass of requiem will be offered. Burial will be in the family plot in St. Mary's Cemetery.

Funeral services for Thomas Eason were held from the Wolf Funeral Home, 310 Broadway, Tuesday at 2:30 p. m. and were largely attended by his many relatives and friends. The Rev. David C. Giese, pastor of the Evangelical Lutheran Church of the Redeemer, officiated. Hundreds of friends throughout the city and county called at the funeral home where the body rested. There also was a profusion of beautiful floral offerings which were banked around the casket. Burial was in the family plot in St. Mary's Cemetery.

DIED
HAGGERTY—Suddenly in this city, October 12, 1949, Daniel, son of the late David and Johanna O'Keefe Haggerty and at one time lived in the Poughkeepsie section of the city. Mr. Haggerty had worked in New York many years as a U. S. postal clerk. Since his retirement he had lived in Bridgeport, Conn. He moved to Kingston a few years ago and had made his residence at the Suyvesant Hotel. He is survived by his wife, May Haggerty of Bridgeport, Conn., and several nieces and nephews. The funeral will be held from the James M. Murphy Funeral Home Saturday at 10 a. m. and at St. Mary's Church at 10:30 a. m. where a high mass of requiem will be offered. Burial will be in the family plot in St. Mary's Cemetery.

The funeral of Mrs. George Decker was held this morning at 9 o'clock from the James M. Murphy Funeral Home and at St. Mary's Church at 9:30 o'clock where a high mass of requiem was offered by the Rev. Edward I. Farrelly. Within the sanctuary were the Rt. Rev. Msgr. Martin J. Drury, P. R.

DIED
HAGGERTY—Suddenly in this city, October 12, 1949, Daniel, son of the late David and Johanna O'Keefe Haggerty, brother of Mrs. Haggerty. The funeral was held Saturday morning at 10 o'clock from the James M. Murphy Funeral Home and at 10:30 o'clock at St. Mary's Church where a high mass of requiem will be offered. Interment in the family plot in St. Mary's Cemetery.

McKEON—In this city, October 12, 1949, John T., son of the late Thomas and Mary Omenits McKee, brother of Mrs. George Magley and Mrs. Jessie W. Bernstein.

Funeral Saturday morning at 11 o'clock from the late residence, 61 East Chester street, and at St. Mary's Church at 11:30 o'clock, where a high mass of requiem will be offered. Interment in the family plot in St. Mary's Cemetery.

ROSENKRANCE—At Kingston, N. Y., October 11, 1949, Vincent, Rosenkrance of 23 Ravine street.

Funeral service at the Seaman Brothers Funeral Home, Saugerties on Friday, October 14, at 2:30 p. m. Interment in Mt. View Cemetery.

STORM—Entered into rest Wednesday, October 12, 1949, Frank L. Storm, husband of Anna Storm, nee Osterhoudt; father of Mrs. Rudolph Weiss, Mrs. Lawrence Conroy, Mrs. George Mesling and Frank Storm; brother of Mrs. Lena Sibole, Mrs. Fred Fruser, Mrs. Sophie Goodsell and William Storm, and son of the late Joseph and Sophia L. Storm.

Relatives and friends are invited to attend the funeral from the Jensen and Deegan Funeral Home, 15 Downs street, Saturday afternoon at 2 o'clock. Burial in the family plot in Montrose Cemetery.

'SPOKESMAN'

Miss Edith Joan Burbridge, 29, (above) sits at her desk in Britain's Foreign Office in London as she takes over her job as one of the "spokesmen" on British world policy. She previously worked at a similar job in the Ministry of Information.

V. F. Responses to the Miss were sung by the children's choir under the direction of the organist, Theodore Riccoboni. The church was filled with sorrowing relatives and friends who came to pay their last tributes by assisting in the requiem. During the time the remains rested in the funeral home, scores of friends called to offer their sympathy and condolences to the bereaved family. The clergy calling and saying prayers for the dead were Monsignor Drury and the Rev. Raymond L. Land of St. Mary's Church, Saugerties. Wednesday evening the Rev. Father Farrelly visited the home and assisted by those present, recited the Rosary. There was a profusion of flowers and spiritual bouquets. Flowers were George Uhl, Clifford Freer, Henry Uhl, Donald Howard, Frederick Uhl and Arthur Judge. Burial was in the family plot in St. Mary's Cemetery where the final absolution and blessing were given by Monsignor Drury.

WOODSTOCK, Oct. 13—Funeral services were scheduled this afternoon for Mrs. Bridgette Summers, grandmother of Margaret E. Summers, who died Monday at Dale's Sanatorium in Saugerties. The rites were to take place at the chapel of Ferncliff Crematorium in Hartsdale at 2 p. m. Burial will be in Woodstock Memorial Cemetery. She was the widow of Leeland L. Summers, a prominent Chicago engineer, who, during the first World War was associated with Bernard M. Baruch on the War Industries Board. Mrs. Summers was a pioneer newspaper woman. Born in Canada in 1887, she began her career with the London Ontario Advertiser. In 1904 she became a student at the University of Chicago and at the same time continued her journalistic career as special writer on the Chicago Times and the Evening Post. In 1937 she was elected president of the Chicago Press League and in that year represented her newspaper at Queen Victoria's Diamond Jubilee in London. After her marriage in 1939 while accompanying her husband on a visit to his mission, she continued to contribute special articles, poems and dramatic sketches to magazines. She was well known for her wit and charm and as a hostess for her husband both in this country and at the Paris Peace Conference. Residing for many years on an estate at Whitestone, L. I., she was prominent in numerous club activities, being president of the Flushing Garden Club and editor of its year book. Latterly she had resided with her son, Llewellyn Summers, a research engineer at I. B. M. in Poughkeepsie, until his untimely death in March, 1948. She has been in failing health ever since.

The first successful homeworks in North America was built in Massachusetts on the Saugus river between Boston and Salem.

Frank Storm Dies Of Heart Attack

Frank Frederick Storm, 70, of 36 Ponckhockie street, died suddenly while he was near the gas works on East Strand yesterday afternoon.

Coroner Ernest A. Kelly, according to a police report, said death was due to a heart attack. Police headquarters was notified at 2:38 p. m., by John Quest, an employee of the Central Hudson Gas & Electric Corp., that he had been informed there was a man apparently dead near the railroad tracks in the vicinity of the gas works.

Officer Gurnsey Burger, Jr., and Special Officer Walter McDonough were dispatched to the scene and the coroner was notified. Born in Germany the son of the late Joseph and Sophia Law Storm, the deceased had come to this country as an infant. He had been a resident of Kingston for more than 60 years.

For several years he was employed as a gas maker for the Central Hudson Gas and Electric Corp., retiring five years ago. He was a member of the Immanuel Evangelical Lutheran Church. Surviving are his wife, the former Anna Osterhoudt; three daughters, Mrs. Rudolph Weiss of New Rochelle, Mrs. Lawrence Conroy and Mrs. George Mesling of Kingston; one son, Frank, of this city; three sisters, Mrs. Lena Sibole of Stockton, Calif., Mrs. Fred Fruser of Modesto, Calif., and Mrs. Sophie Goodsell of this city; a brother, William Storm of Kingston; seven grandchildren and two great grandchildren. The funeral will be held from the Jensen and Deegan Funeral Home, 15 Downs street, Saturday at 2 p. m. Burial will be in Montrose Cemetery.

Minor Labor Angle

that the job will be completed and the water turned on early next summer.

Supervisor Kenneth Wilson of Woodstock, who today expressed himself as being "well pleased" with the progress of the work, has released the following information in response to questions put to him by many of the prospective users of the new water system.

Additional forms are being prepared now and will be mailed next week to every home owner within the water districts. These applications, to be filled out by those wishing the service, include complete information as to the procedure of tapping in to the water main.

For those who apply for the water service before the completion of the project, taps from the main line to the curb line nearest to the property to be serviced will be provided without cost to the individual. If, however, a prospective customer waits until after the system is complete and the water turned on, it will be his own responsibility to tap into the main line. This will include obtaining a permit to excavate the street and all other necessary work.

Getting the water from the curb line into the house will be the job of the individual. This involves digging a ditch five feet deep and laying in a three-quarter inch copper tube. Estimates on the cost of this may be obtained now from local plumbers.

A scale of costs for water users has been adopted, with the basic cost of \$36 per year for the first 40,000 gallons and a graduated scale downward for additional water. It has been estimated that the average cost for a family of four will be about \$40. Water meters will be installed, for which a deposit of \$5 must be made, the deposit to be returned if the service is discontinued and the meter sent back.

Everybody residing in the district will pay a small tax, even though they have not tapped on to the line. This tax is predicated on the fact that they will have better fire protection, and it has been estimated that the reduction in fire insurance which will become effective when the system is completed will more than cover the small tax.

If any family would like to have the tap to the curb made now, but does not intend to use the water immediately upon completion of the system, that can be arranged. However, if a customer in that position fails to use the water within 60 days from the time of completion of the project, a rent of \$15 per year will be charged on the tap.

The importance of applying for a tap before completion of the project was stressed by Wilson, who pointed out that to do so now insures one of having the tap to the curb without cost, whereas in many water districts a charge of from \$25 to \$50 is made for the service.

Delaware County Girl Is Ill With Polio

A four-year-old girl victim of polio from Delaware county was brought to Kingston Hospital yesterday, the county health department announced today.

The case was the 50th reported here to date this year including a few from Sullivan and Greene counties who were hospitalized here last summer.

The latest case and the four who were previously under treatment at the hospital were reported in "fair condition" today.

Dulles Is Back

called for a new labor law "less restrictive generally" than Taft-Hartley.

Dulles flew to New York city yesterday afternoon in order to participate in a church mortgage-burning ceremony at nearby White Plains last night. However, when the Olds confirmation vote came up in the Senate, Dulles flew to the capital.

Dulles told the church group by telephone from Washington that spiritual revival was the "great need of our time."

"Our nation," he added, "must not slip down the well-worn trail made by those who have grown materially, but shriveled spiritually."

Earlier, at Buffalo, Dulles told 400 persons at a Chamber of Commerce luncheon that a society with spiritual strength and traditions of economic and social liberty "is a society that Soviet communism cannot overcome."

He warned that the United States must be vigilant against internal penetration by Communists as against the threat of Russian military aggression.

Dulles said that internal penetration was "the preferred weapon of Soviet communism."

Church Ban Put

naval air service and is now with a New York business firm.

His father was a Russian prince who dropped his title and became an American citizen. Colonel Obolensky manages the Sherry Netherland Hotel here.

Prior to the wedding, there were reports that Colonel Obolensky wanted his son to be married in the Russian Greek Orthodox Church, but he later said he had no objection to a Catholic wedding.

The importance of applying for a tap before completion of the project was stressed by Wilson, who pointed out that to do so now insures one of having the tap to the curb without cost, whereas in many water districts a charge of from \$25 to \$50 is made for the service.

Air Force Will

those he called Pentagon "bureaucrats" was touched off when Carney testified that he had received no opportunity to discuss the proposed cuts until last Thursday, the day the hearings began.

Carney is a deputy chief of naval operations, and also chairman of the Joint Chiefs of Staff Budget Advisory Committee.

The appropriation in which the cuts were made is still awaiting a House-Senate decision over the size of the air force.

Apparently, Vinson declared, Johnson decided, "without any notice to the committee," that the armed services needed less than they said they needed.

Vinson charged that Congress thus was by-passed "for the purpose of making a grandstand play" to the taxpayers, and he added sharply.

"I don't like that kind of business. It's not treating Congress fairly," Vinson has promised Johnson, as well as members of the joint chiefs of staff, a hearing before light can run away.

Red Trial . . .

the committee. Most committee members expect it to be a short session. But it may be a work of some importance. Johnson gets his say, the committee hoped to conclude the naval phase of its deliberations today. Thereafter it will turn to short recess before heading to officials of the Joint Chiefs of Staff and the other services.

The bourgeois state machine . . . The prosecutor said Communist were made to understand that they may displease the state . . . and that the party . . . these 11 defendants on trial . . .

"Dead As A Dodo" . . . "Dead as a dodo" refers to a clumsy cousin of the pigeon . . . was three times the size of . . . key and lived on the Jordan . . . island of Mauritius until . . . centuries ago. The dodo . . . derived from the Portuguese . . . for simplicity could neither . . . light nor run away.

Republicans Busy Dissenting Atomic Energy Approval

Washington, Oct. 13 (AP)—A congressional report abjuring the Atomic Energy Commission of "incredible mismanagement" charges set critical Republicans at work today on a dissenting document.

The report clearing Chairman David E. Lilienthal and the other A.E.C. members of the charges was approved by the Senate-Atomic Energy Committee late yesterday. The vote was 9 to 6 on straight party lines—Democrats for, Republicans against.

Senator Hickenlooper (R-Iowa), who made the mismanagement accusation, promptly labeled the majority report a "cleverly written survey job" of the committee's investigation last summer. He promised a minority version "highlighting the proof" of his charges.

Hickenlooper thus applied the same general criticism to the majority's final product that he did to a preliminary draft circulated to the committee two weeks ago.

As a matter of fact, Senator McMahon (D-Conn.), the committee chairman, said only minor changes were made in the draft. He said the substance of the document was in no way altered.

But Senator Edwin C. Johnson (D-Colo.) said he got one "important change" into the report.

"It says now—and it didn't before—that while the so-called investigation is ended, the committee feels there were other matters developed at the inquiry that need to be looked into," Johnson said.

McMahon said he would release the majority report after it had been filed in the Senate. He said it still includes the statement that Hickenlooper's charges against the A.E.C. could not be proved.

That, he added, sets the general tone of the report.

Hilton Chain Acquires Control of Waldorf Hotel

New York, Oct. 13 (AP)—The Hilton Hotel Chain has acquired controlling interest in the company that runs the luxurious Waldorf-Astoria Hotel for \$3,000,000.

Conrad N. Hilton, of Los Angeles, president of the Hilton Hotels Corp., announced the transaction yesterday.

Involved, he said, purchase of 25,000 shares, or about 68 per cent of the 366,000 outstanding common shares of the Waldorf-Astoria Corp., which operates the hotel.

Hilton said the purchasers got the right to keep the hotel's name, and would not change its "character and individuality."

The sale does not involve the Waldorf-Astoria building, which occupies a whole block on Park and Lexington avenues between 49th and 50th street. The building, 47 stories high, has 2,200 rooms. It was opened in 1931, and cost about \$10,000,000.

This property is owned by the New York State Realty and Terminal Co., a subsidiary of the New York Central and the New York New Haven and Hartford Railroads, and is leased to the Waldorf-Astoria Corp.

Hilton said he and Henry Crown, chairman of the Board of Directors of National Service Corp. of Chicago, acting as individuals, and the Hilton chain

had bought a majority of the corporation stock at \$12 a share. The stock had been selling for some time at \$8, and recently went up to \$11.

Dewey Campaigns In Two Counties For Senator Dulles

New York, Oct. 13 (AP)—Gov. Thomas E. Dewey, who is campaigning for Sen. John Foster Dulles, Republican U. S. Senate candidate, sets out from here today (10:35 a. m., E.S.T.) on a two-day tour of Rockland and Orange counties.

His first stop is Staatsburg, where he will meet with local and state highway officials to survey traffic problems on Route 17.

Later, the governor will be guest of honor at a luncheon at Litchworth Village, a state institution for mental defectives. He will lay a cornerstone of a new girls' dormitory, and will deliver an address.

At Monsey, Dewey will speak in the afternoon at 175th anniversary services of West New Hempstead Reformed Church.

Tonight, he will be guest of honor at a dinner at Bear Mountain Inn, given by the Rockland County Republican Committee. The governor's party will spend the night at the inn.

Tomorrow's tour will start with inspections of state construction projects in Rockland county, and then will swing into Orange county.

"The governor will go to his farm at Pawling tomorrow night and has tried apricots and apples, cherries and prunes, which peaches, which it doesn't like, it likes best. He found DDT peaches which it will tolerate, and worked best against it."

Bud Moth Full of Prunes
Berkeley, Calif. (AP)—Public Enemy No. 1 around California prune orchards is getting to be the grasshopper bud moth. Dr. Harold F. Madson, of the University of California has been keeping tabs on this bug that has been sabotaging half the crop in some orchards.

Madson says that in the larval stage it ties a leaf to a prune, then crawls under and feeds in the shade. The fruit exudes sap which cements the leaf to it and makes it a cult. The moth long has fed on New England and Canadian apples. Madson says it emigrated to California only 10 years ago.

German Science Aids U. S.
Atlantic City, N. J.—The United States is just beginning to reap the benefits from the huge amount of scientific information captured from the Germans after World War II, says Col. Harry A. Kuhn, U. S. A. (retired), president of the Armed Forces Chemical Association. "The government so far has released more than 100,000 reports with data on synthetic fuels, jet missiles, chemical warfare agents and other subjects, but it will take years to evaluate all the information," he told the American Chemical Society. Some of the more important developments were the Fischer-Tropsch process for making synthetic oil from coal; the manufacture of high concentration hydrogen peroxide; production of white carbon black; the fire-fighting fuel chlorobromomethane; a synthetic substitute for mica; and new insecticides.

Apple Purchases To Be Considered

The Production and Marketing Administration of the U. S. Department of Agriculture recently announced that it will consider the purchase of fresh apples in the principal producing areas of the state, and the Ulster County P.M.A. committee is co-operating to aid local growers.

Those planning to sell apples to the U.S.D.A. are asked to make their offer in writing to the purchase representative of the county P.M.A. committee, 54 John Street not later than 5 p. m., Oct. 17.

It was announced also that blank forms for the purpose will be available for growers at the meeting Friday night at the Clintondale Grange Hall.

Apples must meet requirements of U. S. Grade 1 or better, and the price will be \$1.70 a bushel in now bushel baskets or clean eastern apple boxes. Purchases will continue through Oct. 29.

Inspection for grade and quality will be done at the time of loading by federal-state inspectors at the growers' expense.

Kalish Donates Sign To Safety Campaign

Stating that they have provided an example which may be followed by other firms, Mrs. Harry P. Van Wagenen, president of the Ulster County Safety Council, today complimented the Kingston Laundry and its manager, Richard Kalish, for the donation of sign space to the local safety campaign.

Constant reminders of the necessity for safe driving are desirable means of making the public safety-conscious, she said. One way of doing this would be for a number of merchants each to give a portion of their advertising signs to be used for a short safety message.

She singled out for praise the large billboard adjacent to the Y.M.C.A. building on Broadway which formerly was used to advertise the Kingston Laundry. The laundry has repainted the billboard to proclaim the current safety slogan, "The life you save may be your own."

Fish can be frozen in solid ice for long periods and still survive. They have to thaw out gradually, however.

Two Men Are Slain In Muncie Holdup

Muncie, Ind., Oct. 13 (AP)—Two men were slain, and five others were wounded, one seriously, early today when two gunmen attempted to hold up a poker game in a downtown cigar store.

The gunmen fled after firing more than a score of shots at the 10 men who, Police Chief Harry Nelson said, were playing cards in the rear of the store and when the second gunman entered he drew a gun. Frazier said he shouted "Watch that man with a gun," and both gunmen started

New Paltz College

body are five foreign students representing Cuba, Brazil, Vietnam, Japan and Germany.

"We are able to accommodate our larger enrollment this year," explains President Margery, "only through the greatest possible use of existing facilities. The temporary dormitory and classroom buildings erected in the summer of 1948 have helped immeasurably, but we are looking forward to the completion of our new permanent dormitory and social activities building now under construction. We expect it to be ready for occupancy in September 1950 and will then be better able to meet the existing demand of applicants for admission. It is expected that completion of the dormitory will make possible an enrollment of slightly over 1,000 next fall."

In addition to regular students making up the largest enrollment in the history of the college this fall, several hundred persons will be enrolled in extension courses in the mid-Hudson valley and on Long Island during the current school year.

shooting. He said they fled without taking any money after firing between 20 and 25 shots.

TV Tough for Actor
New York, (AP)—Acting for television is the thespian's toughest assignment yet, say those who have tried such other mediums as stage, screen and radio. Television is the most difficult, they explain, because an actor must learn a complete script, go through a performance without a stop, and, if he makes a mistake, must make his way out the best he can. The movies, only a few lines need be learned at a time, and they are often taken section by section. On the stage, the actor has his part once and then keeps it over and over. And on the radio, all he need do is to read the script with the proper vocal emphasis.

PORT EWEN

Port Ewen, Oct. 13—All new residents of Port Ewen and other communities in the Town of Esopus are urged to register in their respective districts on Saturday, October 15, the first day for registration.

Brownies, Troop 44, will meet at the Methodist Church house Friday at 3:20 p. m.

Italian Coin Collection

Rome (AP)—The Italian Ministry of Education has inherited one of the world's most valuable collections of coins, but says it cannot find a home for it. It is the 120,000-piece collection of the late Victor Emmanuel III, who left behind him when he abdicated in 1946. He began collecting coins when he was a boy and became a leading authority on numismatics. Right now it is closed up in 26 steel cabinets and 12 cases in the palace of the Quirinale, former royal palace and home of the pope which is now occupied by the president of Italy.

"Saved my Life"

A God send for GAS-HEARTBURN!

When you suffer from gas and heartburn, you know the pain. It is a real torment. But now you can get relief from it. Dr. Edwards' Olive Tablets are the answer. They are a natural laxative and help to keep the bowels regular. They are also good for acid indigestion. 25¢.

Offers Complete Relief from Constipation

the clogging, TRANSPARENT kind!

DR. EDWARDS' OLIVE TABLETS

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys

When disorder of kidney function permits poisonous matter to remain in your blood, you may suffer from backache, rheumatism, leg pains, loss of sleep and energy, swelling of ankles, puffiness under the eyes, headaches and dizziness. Frequent or severe cases with swelling and burning sometimes show there is something wrong with your kidneys or blood.

Don't wait! Ask your doctor for Doan's. This is a stimulant diuretic, and potentially has a strong effect on the blood. It gives kidney relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Dairymen's League Reports Record Sales During Year

Syracuse, N. Y., Oct. 13 (AP)—The Dairymen's League Cooperative Association, Inc., today reported record sales amounting to \$151,118,928 during its 1948-49 fiscal year.

It was the largest dollar volume of business in the league's 30-year history and represented an increase of \$12,937,543, or 9.4 per cent over the previous year.

The league, which has a membership of approximately 26,000 dairy farmers in the six-state New York milkshed, ended its fiscal year March 31.

The average return per member was \$5.089, compared with \$4.554 the previous year—an increase of 11.7 per cent.

The financial report was given by Leon A. Chapin, president, to approximately 2,500 league members at the association's 30th annual membership meeting here.

Chapin said the association also hit a new high in the number of pounds of milk marketed during the 1948-49 year. It totaled 2,620,950,424 pounds, an increase of 1.8 per cent, or 44,000,000 pounds, above the previous year.

Of the future, Chapin said: "We are now in an era of uncertainty and considerable confusion. We have recently experienced firm resistance to milk price increases. Our requests for

It Can Almost Talk

The mechanism of an ordinary watch is a complicated one at best, but according to the Jewelry Industry Council, there are some models in existence which make the ordinary watch seem like child's play. One of the most complicated ones ever made took five years to complete and is valued at fifteen thousand dollars. It has two faces and contains nearly nine hundred parts. In addition to split second stop-watch mechanism and a sixty-second register, it has a perpetual calendar and an automatic recorder for leap year; a celestial chart of visible constellations for every hour, phases of the moon and sidereal, or star time indicators.

Loose connections at the coil, distributor, and sparkplugs of an automobile may cause complete motor failure.

hearings to consider increases under the New York city federal-state marketing orders Sept. 1 and again Oct. 1 were denied.

He added, however, that since then the league had petitioned for a hearing to consider a 44

cent per hundredweight price increase Nov. 1, and said he was confident "we will be granted a hearing."

Chapin concluded: "I am in sharp disagreement with any idea that government

control with all the rules and regulations it necessarily involves can serve dairy farmers as well as their own cooperative organizations can. This is the time for dairymen to lose faith in cooperative marketing."

The league's tally committee announced reelection of seven directors and election of Jacob F. Pratt of Schaghticoke, to succeed James P. Candon of Pittsford, Vt., who was not a candidate for reelection.

The directors were voted on by league locals during the year and the votes compiled by the committee.

Re-elected were: Louis M. Hardin of Sussex, N. J.; Paul L. Talbot of Burlington Flats, N. Y.;

Seymour R. Rodenhurst of Thero, N. Y.; Ernest C. Strobel of Macedon, N. Y.; A. I. Milks of Little Valley, N. Y.; S. W. Clarke of Andover, N. Y.; and Chapin, who lives in North Bangor, N. Y.

Person Makes It in on Cold War

Kingston, Oct. 13 (AP)—Secretary of State Acheson's blast at the "Soviet masters" controlling Eastern Germany made it plain that the U. S. is pulling out for the first time since the atomic explosion.

President Truman made his announcement of the Russian withdrawal from the U. S. in a speech to Congress. Acheson referred to the "autocratic Communist regime" in Eastern Germany.

The news conference late yesterday the secretary also brushed aside reports from four European governments and the current wave of anti-Communist propaganda in Czechoslovakia as "terrorist propaganda."

He met newsmen after a floor conference with members of the Senate Foreign Relations Committee, which dealt with the march of Communism in Asia.

He had to say publicly that the new East German government is "subversive" and "controlled by Moscow-directed agents." Acheson pledged continued support from the United States and France for the German Republic which, he said, "in sharp contrast has a healthy constitutional and popular government."

He noted that in the Soviet zone, as reported, "the government has declared that the Soviet Union and its Soviet agents are obviously afraid to see the verdict of the people of the Soviet zone."

For the recent protest by Poland, Czechoslovakia, Hungary, Rumania against the west's aid to the Bonn government, these were made solely to a similar protest by Mos-

Why 'Hair Spring'?

Did you ever wonder why the important little spring which is found in your wrist watch should be called a "hair" spring? According to the Jewelry Industry Council the answer is startlingly simple. In the early days when watches were a new time-keeping device the hairsprings were made of hogs' bristle. It was some 50 years later that the material was changed to steel and steel remained in use for nearly three centuries. Since that time new alloys have been developed and added to steel to make hair springs that are stronger and more consistent in performance.

Marmalade Bran Muffins

Now, top delicious All-Bran muffins with marmalade before baking. After baking, you'll want more!

- 1 cup Kellogg's All-Bran
1 cup milk
2 tablespoons shortening
1/2 cup sugar
1 egg
1 cup sifted flour
2 1/2 teaspoons baking powder
3/4 teaspoon salt
orange marmalade

1. Combine All-Bran and milk; let soak about 5 minutes.
2. Cream shortening and sugar; add egg and beat well. Add All-Bran mixture.
3. Add sifted dry ingredients; stir only until combined.

4. Fill greased muffin pans 3/4 full. Press 1 tablespoonful of marmalade into top of each muffin. Bake 15 min. hot oven (400° F.) about 30 min. Makes 9 medium muffins.

America's most famous natural laxative cereal for daily use. Try a bowlful today!

Customers' Corner

Who wants to put A&P out of business?

Not our customers. Many thousands of them are writing and phoning us and telling our clerks and managers that they want to continue to enjoy quality A&P foods at low A&P prices.

Not our suppliers. Farmers and manufacturers alike are telling us that they want to protect this efficient outlet for their products.

Not our 110,000 employees. They want to keep the high wages, good working conditions and security they enjoy with A&P.

Not labor. Union leaders are writing us to ask what they can do to defeat this threat to labor's living standards.

All these people are telling us they don't want the anti-trust lawyers to put A&P out of business.

Scottish Farmer Is Nobel Prize Winner For His Food Plan

Oslo, Norway, Oct. 13 (AP)—Lord Boyd Orr, a bushy-browed Scotsman who believes wars can be prevented by creation of a world federal government and raising more food to prevent hunger, is the winner of the Nobel Peace Prize for 1949.

The Norwegian Parliament's Nobel Committee announced the award last night. Boyd Orr is a food expert and practical farmer. He formerly headed the United Nations Food and Agricultural Organization.

No Nobel Peace Prize was given in 1948. The 1947 prize went to the American Friends (Quakers) Service Committee and the Friends Service Council, London. The prize, awarded from a fund set up in 1896 by Alfred B. Nobel, the inventor of dynamite, amounts to 156,289.82 Norwegian kroner (\$21,889.30). It is awarded to persons deemed outstanding in promoting peace among nations.

Expressing surprise at his selection, Lord Boyd Orr told a reporter in Dundee, Scotland, that he would use the money to promote peace and world government. He added: "The important thing in the world today is to get the nations to cooperate."

The Nobel Committee does not give reasons for its awards. The 63-year-old recipient, known as Sir John Boyd Orr, until he was made a baron last January, said he believed the prize was given him for his proposals for a world food plan as well as for his work for a world federal government.

Lord Boyd Orr served as director-general of the Food and Agricultural Organization from the time it was set up in 1946 until April, 1948, being succeeded in that post by Norris E. Dodd of the United States. In September, 1948, Lord Boyd Orr was elected president of the World Movement for World Federal Government at a Congress of World Federalists in Luxembourg.

His plan to fight hunger calls for doubling the world's food production during the next 25 years. "This would be accomplished through increased use of modern agricultural methods and reduction of soil fertility losses. It also calls for a world food board to regulate prices on international

Wins Peace Prize

Lord Boyd Orr (above), former chief of the United Nations Food and Agriculture Organization, has been awarded the Nobel Prize for 1949 according to an announcement at Oslo, Norway, by the Norwegian Parliament's Nobel committee.

markets "at levels fair to producers and consumers alike."

More than a score of persons and institutions had been proposed for this year's peace prize. Others nominated included Mrs. Franklin D. Roosevelt; President Juan D. Peron and his wife, Eva, of Argentina; and President Karl Renner of Austria.

Regulations provide that parliaments and governments all over the world may suggest candidates. So, also, may members of the Norwegian Nobel Committee, professors of philosophy, economics and current history at universities, previous winners of the prize and the Bureau of Peace in Geneva.

Will Step Up Campaign

New York, Oct. 13 (AP)—Mayor William O'Dwyer's campaign for reelection will be stepped up next Monday and continue at a fast pace for the three weeks before the election November 8. Headquarters yesterday announced a schedule of 240 public appearances during the period for O'Dwyer and his running mates, Comptroller Lazarus Joseph and Council President Vincent J. Impellitteri. The mayor is expected to make 50 talks during the three weeks in his campaign against Newbold Morris, his Republican-Liberal-Fusion opponent, and representative Vito Marcantonio, American Labor party nominee.

993,460 Persons Register On Third Day in New York

New York, Oct. 13 (AP)—Up to last night, ending the third day of the six-day registration period here, 993,460 people had signed up. This beat the totals for the first three days of registration in the 1947 off-year election, when 801,431 were counted, and in 1945 the last time the city elected a mayor, when the three-day total was 783,079.

But this year's three-day figure was far behind that for the 1948 presidential election year, which brought out 1,375,829. It also was less than the 1,031,600 who registered in the comparative period in 1946, when the governorship and a Senate seat were at stake.

Voters in New York city have until Saturday to register for the election of a mayor, other local officials, a U. S. senator and an associate judge of the State Court of Appeals. The third day total for New York's five boroughs was 381,433 registrations. On Tuesday, 324,752 registered, and on Monday, 287,275.

Westchester county residents also are registering this week. Schedules for registration in other sections of the state vary. Third day registration totals by boroughs:

	Yesterday	1948	1947	1946	1945
Manhattan	93,253	114,560	69,601	86,088	66,322
Brooklyn	78,214	101,090	65,285	74,482	61,150
Queens	135,387	180,189	110,145	126,041	107,887
Richmond	67,106	100,369	55,037	71,406	51,597
Totals	381,433	506,949	300,092	365,463	292,280

Registration totals for the first three days by boroughs:

	1949	1948	1947	1946	1945
Manhattan	255,781	331,803	190,114	252,846	185,248
Brooklyn	204,590	275,442	173,111	211,787	166,843
Queens	346,361	480,289	284,026	363,630	286,077
Richmond	167,883	259,339	136,774	181,573	131,449
Totals	993,460	1,375,829	801,431	1,031,600	783,079

Body of Blonde Found in Hollow; Man Found Slain

Pearl River, N. Y., Oct. 13 (AP)—The scantily clad body of a young blonde, her ankles and wrists bound with wire, was found late last night beside a lovers' lane near here.

Dr. Leo Welshner, Rockland county coroner, said the woman, about 25, had been dead at least two weeks. Her body, clad in a white slip and brassiere and covered over with a fabric spread, had been dumped in a small hollow just off a country road near the Blue Hill Country Club.

The area is near the New York-New Jersey border on the west side of the Hudson river about 20 miles north of New York city.

State police said James Cavalli, 13, a high school student of Old Tappan, N. J., was hiking alone along the rural road yesterday when he saw what appeared to be a woman's foot.

He went back to Old Tappan, and with a group of companions returned to the road last night to

investigate. He later notified authorities of the body, police said.

The body was taken to the state police station at New City, N. Y., and later was to be removed to the state police laboratory at Troy, N. Y., in an attempt to learn the woman's identity and determine the cause of death.

Police said it was impossible to tell immediately whether the victim had been shot or beaten, because of decomposition.

Rockland County District Attorney George V. Dorsey and state police began a canvass of surrounding communities to learn if any one meeting the description of the dead woman was missing.

Police said the road along which the body was found is "a favorite spot for neckers."

Man Found Dead

Smithtown, N. Y., Oct. 13 (AP)—A 28-year-old man, his throat slashed, was found dead late last night beside the Jericho Turnpike near this Long Island community. The victim was identified as Edward Hill, of (Beaver Dam road) Brookhaven, N. Y.

Police said Hill apparently had been severely wounded and tossed from a passing vehicle. They said witnesses had seen a man, believed to be Hill, staggering across the

road before a motorist stopped, and found him dead.

Hill was said to have left home yesterday morning in his one and one-half ton truck for New York city. Early today, the truck was found abandoned on Jericho Turnpike near Mineola about 20 miles from here. Police said the truck's seat cushions were blood-stained.

Hill's throat and chest had been slashed and his clothing ripped, police said, apparently in a struggle. About \$40 was found in his clothing, which police said indicated that robbery was not the motive for the slaying.

State and local police and inves-

tigators of the Suffolk county district attorney's office are cooperating in the investigation.

"Cheer up, feller—I've got the money to buy you"

A typical story of everyday Americans
—the most independent people on earth

"Maybe you think I'm kiddin', but I've really got a Savings Bank account, just like Mummy and Daddy. They save dollars and I save tuckers and dimes.

"And jeeppers! I'm so rich, I have to keep my money in my Savings Bank down the street. It'll only take me a minute to get it. So don't go 'way—I'll be right back!"

In New York State more people put their savings in Savings Banks than anywhere else. They like dealing with a friendly, familiar neighborhood Savings Bank. And above all, they know their money is safe.

So guard your financial independence as 7 million New Yorkers do. Open a Savings Bank account this week. And keep your account growing—add to it every payday. Remember, saving makes the difference between wishing and having.

Woodstock News
By Peg Hard

Evening Workshop Is Planned for Craftsmen
Woodstock, Oct. 13—The Woodstock Guild of Craftsmen will inaugurate its new program of offering the opportunity to craftsmen to learn and practice various types of hand crafts at a minimum fee. This will take form in an evening "workshop" under the instruction and supervision of the well known artist and craftsman, Konrad Cramer.

The workshop at the Guild will be open one evening a week for those who register and the pupils will have the choice of metal work, jewelry making, stenciling for furniture or on metal; block printing, and silk screening.

Mrs. Katharine Wangler, executive director, will discuss individual problems. Anyone desiring information may also contact Mrs. Wangler at the Guild or by telephoning Woodstock 371. The time of the workshop will be arranged to suit the greatest number and will be announced later.

If there is sufficient demand for a class in any of these crafts, Cramer will arrange for such class and it is deemed important that craftsmen in Kingston and surrounding districts as well as Woodstock call at the Guild and make their wishes known.

Concert Proceeds Will Go to Health Committee
Woodstock, Oct. 13—The proceeds from the benefit concert to be given by Inez Carroll, pianist, Dr. Hans Cohn, cellist and Florence Hardeman, violinist, Sunday, Oct. 16, at 8:30 p. m. in the Town Hall will be used in connection with public health work in the community.

The Public Health Nursing

Youth Institute Is Scheduled on Friday
Woodstock, Oct. 13—Members of the Methodist Youth Institute will be guests of the Woodstock Methodist Youth Fellowship, Friday evening, Oct. 14, at 7:30 o'clock. There will be a 20-minute worship service and a lecture on India. A social time of games and refreshments will terminate the program.

Also, beginning Sunday evening, Oct. 16, a regular evening service will be held in the Woodstock Methodist Church at 8:30 p. m. This service is for the young adults of Woodstock, Willow, Wittenberg and Shady churches and will be primarily for those between the ages of 20 and 40. A choir will be organized in this group and there will be recreational programs as well as devotional services.

While the meetings will be directed by the young adults, members of the four congregations regardless of age are invited to attend.

Robinson to Lecture
Woodstock, Oct. 13—The lecture series held in conjunction with the 150th anniversary celebration of the Dutch Reformed Church will be concluded Sunday evening, Oct. 15, when Harry Morton Robinson, local author of national prominence, will speak on "Religion in Literature." The public is invited to attend the lecture in the Dutch Reformed Church at 8 p. m.

Country Club's Program Praised After Dinner
Woodstock, Oct. 13—Michael Tavadash was commended by the 150 members and guests of the Woodstock Country Club on the occasion of its annual dinner last Saturday night when he acted as master of ceremonies.

Following the dinner which was held in Deane's gallery room, Anthony J. DeLisio, president, expressed his pleasure over the unusually large number of persons present and briefly reviewed the many accomplishments by the club during the past year. Other officers and members of the board of directors spoke briefly.

Gold championship awards were made to the winners of the first, second and third flights in the recent club tournament. The dinner committee of which Floyd J. Parker was the chairman received a vote of appreciation for the great success of the occasion.

Library Associations Hold Successful Parley
Woodstock, Oct. 13—The Mid-Hudson and Ulster County Library Associations held an extremely interesting meeting Saturday at the Woodstock Library, including both morning and afternoon sessions.

John Warner, president, Ulster County Association, and librarian at the New Paltz High School, presided during the morning session. Following a message of welcome by Walter S. VanWagenen, those present heard a round table discussion when the principal speakers were Marion Mosher, Division of the Library Extension Department, Albany; Grace Larkin, New York State Agriculture and Technical Institute, Morrisville, New

York; Mrs. Refke, Ulster County Home Bureau, and Veronica Lutzal, guidance councillor, New Paltz High School.

At the afternoon session, the president of Woodstock Library, Morris Klein introduced Konrad Cramer, artist and craftsman who spoke on craft books and gave a brief history of the crafts movement here. Edmund Gilligan, prominent local author, was the next speaker who chose as his topic "Publishers."

Miss Dorothy Bell, student at the New Paltz Teachers College, entertained those present by singing numerous folk songs. It was learned that Miss Bell will soon be heard over the Poughkeepsie radio station in a regular weekly program.

This meeting was well attended and those present complimented Woodstockers on their fine library which was attractively decorated with fall flowers arranged by members of the Woodstock Garden Club.

Police Car Damaged
A police car was slightly damaged in a minor mishap at Henry street and Clinton avenue shortly after 2 p. m. yesterday. Officers Walter Fitzgerald and Carl Janasiewicz, who were riding in the car said it was struck as it stopped for a light, by a car driven by David K. Ashdown, 75 Crown street, who was being pushed by a jeep. The latter was operated by Earl L. Kilmer, 348 Wall street, an employee of the Boulevard Gas Station. The rear bumper and splash pan of the patrol car, and a front fender on the other car were damaged, the report said.

Dust Sickness Is Studied
Cincinnati (AP)—Something in the dust that causes sickness was described by the American Roentgen Ray Society meeting at Cincinnati.

Twelve men cleaning a dusty tower in Cincinnati got it; 40 men at Camp Drowder, Mo., cleaning dusty rooms; and 26 in Oklahoma who worked in a dusty cellar.

Coalition Group Pushes Anderson Farm Plan Ahead

Washington, Oct. 13 (AP)—Senate approval of a flexible system for supporting farm prices ended one long argument today but started another on whether the House will go along.

After weeks of debate, a coalition of Senate Democrats and Republicans yesterday pushed through a voice vote the farm support bill sponsored by Senator Anderson (D-N.M.), former secretary of agriculture.

They substituted for the one-year continuance of wartime-level price supports voted by the House in mid-July. Leaders of the coalition said they are confident the House will accept the Senate version eventually.

Farm-minded House members talked equally optimistically about forcing senators to take their one-year extension of existing price supports at least for 1950—a year when all 435 House members could more than one-third of the senators must face the farmers and other voters.

Both the Senate and House bills peg their proposed price supports to percentages of parity. Parity is a price for a farm product deemed to be fair to the farmer in relation to the cost of things he has to buy.

However, the Senate bill would revise the parity formula to take into account the cost of hired hands.

Under the Senate bill, the government would support major crops in 1950 at 90 per cent of parity, but only if they were under production or marketing controls. After 1950, support levels could range down to 75 per cent.

Under the House bill, support would continue through 1950 at the 90 per cent of parity levels that were in effect during the war.

House leaders planned to send the dispute to a conference committee—sometimes called the third chamber of congress—to try to adjust differences.

Senators favoring the flexible price system—under which government supports could be lowered in an effort to avoid big surpluses—have a heavy club over the House.

Unless Congress agrees upon a farm bill and President Truman signs it then the Aiken Act, passed as a compromise by the 80th G.O.P.-controlled Congress, becomes the law. It carries even lower price support directives than the Anderson Bill and is due to become effective January 8.

Samples, Only Samples
Oneonta, N. Y., Oct. 13 (AP)—Shoe salesman M. L. Hoit of Scotia wondered today what the thief who stole three cases of samples from his car would do with the loot. It included 48 shoes all for the right foot, and \$40 worth of woolen socks, none of which match.

"MISS TV," AND OTHERS—True, Germi peeks out from a television receiver after being named "Miss National Television" in Chicago. Burners-up, who just missed the title by a coaxial cable, are Theresa Givogian, right, second place winner, and Joyce Thorsen, third. Any one of the three would be a vision on television.

Leaves From Boyle's Notebook

By HAL BOYLE

New York (AP)—In a world of free matches Americans are forking out \$50,000,000 annually for gadgets to light their cigarettes.

The First World War popularized the wrist watch. And what that war did for the wrist watch the Second World War has done for the cigarette lighter.

"Now the flint business alone is bigger than the entire lighter industry 15 years ago," said Alfred R. Nathan, vice president of the Ronson Art Metal Works, Inc.

The Ronson Company, the equivalent of General Motors in its field—soon will market its 35,000,000th lighter.

It was founded 56 years ago by the late Louis V. Aronson, a metallurgical engineer who put the voice in the mama doll. Aronson, who died in 1940, was a pink-checked man with a passion for maroon—he even wore maroon shirts.

"Oddly, as a young man he once won a \$5,000 prize from the Belgian government for developing a safety match," Nathan recalled.

Repenting of this, Aronson turned to the mechanical lighter. His biggest contribution was a push button invention that brought the light to life with the pressure of a finger. It made him so much money he could put around with kings. He even bought a 70-foot yacht so he could sail to see them.

"He had lighters from one end of the yacht to the other," said Nathan. "Even had one in his bathroom."

One of Nathan's present vice presidential duties is the assembling of a museum of mechanical lighters.

"In the early years they put lighters in everything from sword canes to baby shoes cast in bronze," he said.

"This Rococo period is dying out. The Ronson Company, for example, has cut down its number of models from 1,000 to about 100.

"The thing was just getting out of hand," Nathan said.

In his museum collections are a number sent by grateful soldiers who said the lighters saved their lives by stopping flak, shell fragments or bullets. One soldier

scratched his will on his lighter. "I leave everything to Brother Jim," and Nathan said the will was held valid.

Why should anyone fork out \$6 to \$5,000 (a custom built, jewel encrusted job) for a lighter, when nearly every drug store now offers giveaway matches.

"We don't want to make any odious comparisons," remarked Nathan, indicating the match industry couldn't understand that one either.

"But people like to be modern. A lighter is modern, and people feel less awkward using them than they do matches. That's our belief anyway."

Nathan has a ready answer to scoffers who say lighters are a step back to the flint-and-steel era.

"There isn't any flint in lighter flints," he said. "They are made of ferro-cerium, an alloy developed in Europe. The alloy, when struck, becomes hungry for oxygen, and the heat engendered creates the spark."

The industry hasn't yet caught up with postwar demand.

"We have barely scratched the

surface," said Nathan. The industry goal is to get a pencil lighter—it lights at one end, writes at the other—in every man's vest, a combination cigarette case and lighter in every woman's purse, and table lighter in every room.

How about a lifetime lighter that will never need refueling? Nathan looked cautious.

"Maybe one will come along that will last a year without refueling," he said, "but not a lifetime—in your lifetime."

Bradley, chairman of the joint chiefs of staff, conceded in a speech last night before the American Forestry Association that

Russia's atomic explosion preceded his staff's earliest estimate by "several months."

But he declared his officers knew approximately when the Soviet Union could have enough A-bombs "to influence the outcome of a modern war." He did not disclose what time.

Spending of the Russians, whom he referred to by name, Bradley said:

"They could be foolhardy enough to launch an atomic attack with only a handful of bombs. But

of all the people on the earth, they are students of force and power in war, and should understand clearly the disastrous result of such a guesstimate error."

Final Registration Days

Friday and Saturday are the final days of registration in this city for the general election on November 8. If you do not register, you cannot vote. Polls will be open on Friday from 10 a. m. to 10 p. m. and on Saturday from 7 a. m. to 10 p. m.

Actress' Mother Is Sure Daughter Is Victim of Slaying

Los Angeles, Oct. 13 (AP)—Convicted that her daughter, gay film extra Jean Spangler, has been slain, Mrs. Florence Spangler was in serious condition today.

The 56-year-old mother hurried back from a visit with relatives in

Lexington, Ky., after learning that efforts to find Jean have been futile since she dropped from sight Friday.

"She must have been taken away," the mother sobbed yesterday to police. "Something horrible must have happened to her. If she were alive, she would have telephoned me."

Later Mrs. Spangler collapsed. Her condition is very serious, due to intense shock and a heart ailment, explained her physician, Dr. Lewis Morrill.

Checking every possible clue, police yesterday questioned actor Kirk Douglas, who recalled "I

talked and kidded with her a bit" on a movie set, but declared he didn't even know her by name and had never been out with her.

In the girl's purse, found torn and rifled in Griffith Park Sunday was a cryptic note addressed to a "Kirk."

Homicide officers took a signed statement from Jack J. Williams of Stockton, Calif., saying he believes he saw Miss Spangler in Stockton yesterday. Williams said he talked in a bus depot with a girl who resembled pictures of the movie and television actress. He added she had "dark circles" under her eyes and wore a plain print dress.

Time Around The World

Many odd and individual watches have been created for the rulers of various countries but, according to the Jewelry Industry Council, one of the most outstanding developments in modern time pieces was made for Czar Nicholas of Russia. It bears a Russian eagle in black enamel on gold and has, among other things, a 24-hour dial which revolves in perfect synchronization with the hands and shows the related time in famous cities throughout the world.

American investments abroad total more than \$25,000,000,000.

U. S. B-50 Crashes In Britain, 12 Die

Isleham, Eng., Oct. 13 (AP)—A U. S. Air Force B-50 bomber with a load of live bombs dived into a wheat field today and exploded with a roar heard 12 miles away. All 12 crew members were killed.

The plane, designed as the atom-bomb carrying version of the B-29, was on a 180-mile practice mission to the North Sea island of Heligoland with twelve 500-pound bombs.

Villagers said the plane appeared to burst into flames just before it dropped through a light cloud for and struck the field. Flaming bits of the four-engine craft were blown hundreds of yards in all directions from the huge central crater dug by the blast.

Burning gasoline set fire to a ring of farm buildings and to 60 tons of stacked wheat. Windows shattered and plaster ceiling fell in Isleham houses. Fire department was summoned from nearby Newmarket, 60 miles northeast of London, and from Cambridge, Mildenhall and Oxfordham.

The Third Air Division said this was the first accident involving a

B-50 since the 43rd Group of these craft arrived Aug. 18 from their Tucson, Ariz. base. The group is stationed at Scythorpe, Norfolk county, for 90 days of operational training. A B-50 bomber crashed near Fairbanks, Alaska, last Dec. 22, killing all ten men aboard.

New York (AP)—There are 200 known antibiotics. But only four, penicillin, streptomycin, aureomycin and chloramphenicol, have proved generally useful.

Temple Emanuel

Services will be held in Temple Emanuel on Friday evening, Oct. 14, at 7:45. Rabbi Bloom will preach on "Judaism and the Law," a Simchas Torah sermon.

Hebrew School will meet on Sunday morning at 9 o'clock, religious school at 10. A Simchas Torah celebration will be observed in the religious school.

Registration for adult study groups should be presented to Rabbi Bloom. Three possible groups are available: 1. Liberal Movements in Judaism; 2. A sequel to last year's lectures, entitled "Literature of Consolation and Healing in Judaism"; 3. A course in public speaking.

Tonight a meeting of the teach-

ers of Temple Emanuel will be held at the rabbi's home at 7:30. Haddassah will meet in the Temple next Monday at 8 p. m.

Ahavath Israel

The festival of conclusion, known as Shmini Atzereth, will be ushered in Friday at sundown services at Congregation Ahavath Israel, corner Wurts and Pierpont streets; Friday at 5:15 p. m. and Saturday at 9 a. m. The Yiskor memorial service will be held Saturday at 10:30 a. m. Rabbi Philip Weinberg will preach on the theme "Death Need Not Be a Tragedy." The festival of rejoicing, known as Simchas Torah, will be celebrated Saturday night and Sunday morning. Services and the procession of the scrolls will be held Saturday at 6:30 p. m. and Sunday at 9 a. m. at Ahavath Israel. The Ahavath Israel Hebrew school will open Monday, Oct. 17. Classes will be held at the B'nai B'rith house, Wall Street. Special transportation arrangements will be made by the education committee of the congregation for the children who live downtown. Parents will be notified of the instruction hours. The Ahavath Israel Sunday school will start Sunday, Oct. 23. Classes will be held at the vestry hall Sunday at 10:30 a. m. The first late Friday night service will be held at the Congregation Ahavath Israel Friday, Oct. 21, at 9:15 p. m.

Aged Belt Still Good

Alton, O. (AP)—After transporting more than 14,000,000 tons of coal during the past 14 years, the world's oldest cord-type conveyor belt still is in operation averaging 1,000,000 tons a year. B. F. Goodrich engineers developed the belt to move coal from hopper cars to Ohio river barges.

In ancient times pearls were symbols of sorrow. They were believed to be tears of God.

Color Mirror Aids TV

New York (AP)—One of the latest devices to be used in color television research is a dichroic mirror. It has the ability of passing one color while reflecting another. Thus, it can be employed where it is desired to have the image of one picture tube come directly through while at the same time reflecting images of one or more other tubes. By this method one color can be

impressed on the other optically to provide a complete color image in a direct viewing receiver.

Watch 'Crystals'

The first watches invented by man had no crystals as we call them today. In fact, according to the Jewelry Industry Council, watch crystals did not appear until the early seventeenth century. The forerunner of these was first

seen in the sixteenth century when the tulip was one of the favorite designs of watchmakers. One petal of the tulip was hinged so it would lift up to reveal the dial of the watch. Sometimes this petal was carved from rock crystal and these hinged covers were actually the first "watch crystals."

There are thousands of different kinds of mosquitos.

EAT WELL for Less

HAWAIIAN DUCK IS A REGAL DISH

REGAL DISH — Now's the season to cook ducklings. Let's do it Hawaiian style.

By GAYNOR MADDOX
NEA Staff Writer

Duckling is abundant now and the colder weather brings lusty appetites. So let's get right down to the business of cooking a duck.

Hawaiian Duck

(Serves 4)

Five to 6-pound duckling, dressed weight, 2 tablespoons kitchen bouquet, 2 tablespoons honey, 1 teaspoon salt, dash pepper, 1 clove garlic, minced, 2 tablespoons duck fat, 1 cup pineapple juice or duck broth, 2 medium green peppers, 4 slices canned pineapple, or 1 package frozen pineapple chunks, 2 tablespoons cornstarch, ¼ cup pineapple juice or water.

With sharp pointed knife, cut through skin along center of duck breast. Grasping skin with one hand, loosen skin by running knife underneath, close to flesh of duck, peeling skin back at the same time. Cut skin where necessary but keep flesh intact. Cut the skinned duck in serving-size pieces. Place in mixing bowl.

Combine and add kitchen bouquet, honey, salt, pepper and garlic. Toss lightly to mix well and let marinate for 45 minutes.

Meanwhile cook duck skin, neck and wing tips with giblets in 3 cups water and 2 teaspoons salt. When giblets are tender, strain broth into measuring cup or pitcher. Let fat rise to top and pour it off. Reserve broth and giblets for other uses. Place 2 tablespoons duck fat in Dutch oven or heavy frying pan over moderate heat. Brown pieces of duck on all sides and add pineapple juice plus any marinade left in the bowl. Cover tightly and simmer gently until duck is tender, about 45 minutes.

Remove seeds from peppers and cut in 1-inch strips. Cut pineapple slices in 1-inch pieces. Add green pepper and pineapple to duck. Cover and cook 15 minutes longer. Blend together and add cornstarch and pineapple juice. Cook, stirring constantly, until juice thickens. Serve immediately with hot cooked rice.

Tomorrow's Menu

BREAKFAST: Prune juice, oatmeal, enriched toast, butter or fortified margarine, orange marmalade, coffee, milk.

LUNCHEON: Toasted cheese sandwiches, sliced tomatoes and sweet onions, gingerbread with whipped cream or marshmallow whip, tea, milk.

DINNER: Hawaiian duck, steamed rice, watercress, crisp rolls, grapefruit and grape juice, coconut layer cake, coffee, milk.

NEW PALTZ

Mr. and Mrs. Roy Dunham and son Roy, Jr., of Poughkeepsie have been spending a vacation with his mother Mrs. Anna Dunham on Elling Avenue.

Mrs. Thomas Dimsey, Jr., of Highland was a visitor in town Thursday evening.

Mr. and Mrs. Elmer Ingraham have removed from Poughkeepsie and are living in their trailer at Ohioville.

Miss Ida Palen sold her farm. She will go to Norwich.

The first company team in the Sunset Bowling League is made up of John Taylor, W. Kuinkel, John Weaver, Ernie McCormick, Ken DePuy and Lou Telling. A second team will include Leo Kentor, Walter Simpson, Dave Jewett, Jr., Ernie Ahlberg, Bud Connolly, Ike Polo and Dick Weir.

At the meeting of Huguenot Grange Mrs. Irving C. Barnes and Mrs. Sara Foshaw were hostesses. Mr. and Mrs. Wayne Saxton were obligated.

Mr. and Mrs. Stanley Beatty and daughter Iva were guests of Mr. and Mrs. Willet Deyo in Paltzville.

Recent visitors in this section were Mrs. Andrew Harcher, Mrs. Harry Rosen and daughter Joan, Mrs. Roy DeBois and daughter, Mary Lou of Menden.

Guests of Mr. and Mrs. Joseph Alsford in Middletown recently were Mrs. Albert Schoonmaker, Mrs. Stella Woolsey and Miss Edna Dugan of Gardiner.

Mr. and Mrs. Preston Bennett, Jr., have been entertaining Mr. and Mrs. J. R. Seipin of Duluth, Minn.

Mr. and Mrs. Leslie McCormick have been vacationing in Pittsfield, Mass. They recently celebrated their 35th wedding anniversary.

Mrs. A. H. Schoonmaker is suffering from a broken leg. Among those recently entertained at a picnic by Mr. and Mrs. Norman Keller were Dr. and Mrs. Bernard Fried and family of New York, Dr. and Mrs. Simon Carrood of Walden and Mr. and Mrs. Joe Axelrod and daughter Carol of New Paltz.

Edward Colligan, Rifton, Marries Lucy Homenick

Rifton, Oct. 13.—The marriage of Miss Lucy Homenick, daughter of Mr. and Mrs. Paul Homenick, Astoria, L. I., to Edward Colligan, son of John Colligan, Rifton, and the late Mrs. Colligan, was performed at the Immaculate Conception Church, Astoria, L. I., Saturday, October 8, the Rev. William Burke officiating.

The bride was given in marriage by her father. She wore an antique white satin hoop skirted gown with long train. Her fingertip veil was held in place by an inverted crown of ivory lace dotted with seed pearls. She carried a prayer book with white orchids and stephanotis.

Mrs. James Williams was matron of honor and a cousin was bridesmaid. Frank Foley of The Bronx acted as best man. John Dorman was the usher.

Immediately following the ceremony a reception was held for about 125 guests in the Suite Moderne Room at the Hotel Statler, New York. Songs were sung by John Dorman, Mrs. John Thornton and Mrs. Eugene Phillips. Among those present were Mr. and Mrs. William Scully, John Scully of Kingston; Mr. and Mrs. Eugene Phillips; Mr. and Mrs. George Clement and Walter Homenick all of Rifton.

The couple left for Florida and will return in the spring to open Colligan's Inn at Rifton.

Margaret Sciortino Becomes Bride of William Farrett

Announcement has been made of the marriage of Miss Margaret Sciortino, daughter of Mr. and Mrs. James Sciortino of Marlborough, to William Farrett, son of Mrs. Stella Farrett of Newburgh. The double ring ceremony was performed October 2 by the Rev. J. J. Hanley at St. Mary's Church, Marlborough.

The bride was escorted by her father. She wore a white satin gown fashioned with wide lace bertha and fingertip veil caught to a beaded crown. She carried a cascade of white roses.

Mrs. Tille D'Esposito of New York, cousin of the bride, as matron of honor, wore an American beauty gown and carried yellow chrysanthemums. The bridesmaids, Mary D'Esposito, Florence DeCunzio, Rosalie Alvano, and Catherine Waldar, wore turquoise tulle gowns and carried bronze chrysanthemums. The flower girl, Ida D'Esposito, wore a white tulle gown and carried white roses.

Peter Farrett of Newburgh was best man. Ushers were Rosalie DeCunzio, Robert Dowers, John Vugovic, and Joseph D'Esposito, all of Newburgh.

A reception was held in St. Francis Hall with music provided by The Drifters, a band from New Jersey. Mr. and Mrs. Farrett left for a wedding trip to New York and are now residing at 158 West Parmenter street, Newburgh. For traveling, the bride chose a blue Glen plaid suit with navy accessories and an orchid corsage.

The bride was graduated from Jane Adams High School in New York and is employed at Newburgh Coat Company. Her husband is associated with Bird's Eye Frozen Foods. He was graduated from Newburgh Free Academy and spent five years in the army. He was overseas in the Pacific area.

Famous dePaur Infantry Chorus Opens Series For Kingston Community Concerts Association

Leonard dePaur, distinguished conductor of the dePaur Infantry Chorus, is a familiar figure in motion pictures, open air concerts and radio. He will direct his now famous concert chorus at Kingston High School Auditorium next Tuesday, 8:30 p. m., as the first offering on the Kingston Community Concert Association series.

LEONARD dePAUR

DePaur enlisted in the United States Army as a private and rose to the rank of captain and became head of an aggregation of 35 G.I.'s who proved to be about the best singers in the American Armed Forces. Following successful entertainment tours with the forces on Saipan, dePaur told his singers that he would like to keep them together as a civilian unit after the war, that he knew they were first class concert material and that he would stay with them. Last year they broke all records of Columbia Artists in presenting more performances than any group on the lists of the world's largest concert management.

A protege and later an assistant to Hal Johnson, dePaur was born in Summit, N. J., of French-German descent. He studied in the public schools of Trenton and Bordentown, N. J., and afterward attended Columbia University and the Institute of Musical Art. He joined the famous Hal Johnson Choir in 1931 and became its associate conductor in 1935. He attracted initial public attention in 1936 when he became musical director of the Negro Theatre, the most brilliant Federal Theatre Project in New York. In this capacity he directed the choral music and composed or arranged the entire musical scores for such memorable productions as the Orson Welles "Macbeth," "Haiti," and the Eugene O'Neill cycle "Four Plays of the Sea." He later became musical director for the Broadway production of the Roark Bradford-Jacques Wolfe play, "John Henry," and also was choral conductor for Virgil Thomson-Gertrude Stein opera "Four Saints in 3 Acts." Later he organized and led the chorus for Moss Hart's A.A.P. stage play "Winged Victory."

The average member of the chorus is 29 and a bachelor. He went into the army from Boston, but was born in New York city and was a crack rifleman in the infantry. Twenty members are college graduates. Four are taking advanced courses at Columbia. Two at Juilliard School of Music and one at City College.

Among the singers is Eugene Brice, brother of Carol Brice, the contralto. Another, Will Barnes, was the tenor and arranger of the original Beale Street Boys. Clarence Jacobs, assistant conductor, won five battle stars for service at Guadalcanal and the Solomons. Herbert Hayes was cited for determining a new firing system for cannon that the army adopted. Grady Menefield was in a tank destroyer outfit.

The chorus has its own basketball, volleyball and football teams and accept any challenges they can fit into the little time that is available between concerts in their present extended transcontinental tour.

The program which they will sing in Kingston is divided into five parts: Songs by Contemporary Composers, Morning Hymn by Henschel; Thou Hast Made Me Endless and Here is Thy Foot.

Stool from Creston's "Three Choralists from Tagore; and Speak for You Must by Hindtrelt.

Folk Songs from Latin America—La Llorona (Mexican Haunting), Vidalia (Argentine Villadale), A Mourning Song (Calypso from West Indies) and Ugly Woman (Calypso from Trinidad), all arranged by dePaur.

Songs from World War 2—"I've Got Sixpence, the R.A.F. marching song; Song of the French Partisan; Ch'li Lal, Chinese marching song of Eighth Route Army; Meadowland, song of Red Army cavalrymen; and Roger Young, infantry song.

Negro Spirituals and Work Songs—Honor, Honor, arranged by Hal Johnson; Deep River, arranged by dePaur; Listen to the Lambs, R. Nathaniel Dett, Walter Boy, Tel' My Ca'n, and Jerry (Lord, this timber gotta roll) all arranged by dePaur.

Legion Auxiliary Reports

A number of reports were made at the regular meeting of American Legion Auxiliary last Tuesday.

The auxiliary spent \$10 for clothing in the child welfare department, 30 1/4 hours have been given by members for community service; two of the auxiliary attended the Recreation Institute sponsored by Junior League; 20 pounds of material was given for cancer work.

The coupon chairman reported that the soup coupons this year would be redeemed for money with which to purchase blood plasma for needy. The rehabilitation chairman reported \$22.64 was spent during the past month for soap, shaving cream, playing cards and pocket edition books. The recent rummage sale successfully cleared \$65.

During the past year, 27,000 children have been placed in foster homes in the state.

Again this year the gift shop will be conducted as in previous years. Gifts are requested by November 23. These gifts, all new, should be worth at least one dollar and should not exceed two dollars. Each gift should be boxed but not wrapped although Christmas wrappings may be included in the package.

The auxiliary voted \$10 for the polo fund.

A Christmas bazaar is being planned and funds will be used for rehabilitation Christmas work. Anyone interested in assisting with this work is asked to meet in the Legion building Tuesday nights to sew.

K.H.S. Principal Addresses College Women's Club

John H. Martin, principal of Kingston High School, addressed the Kingston College Women's Club at its meeting in the First Dutch Church chapel Tuesday evening. His subject was "The Needs of Adolescents."

Affirming that the basic function of a school consists in working with the children in it, the speaker, pointed out problems of working with the adolescent students today. He noted that the present form of adolescent period is due to the development of the industrial system. Educational training for the professions has pushed the age of maturity almost to the 30th year.

The religious literature of all ages has emphasized the onset of this period in life by tribal ceremony of all races and creeds. Early marriage was also a characteristic of the society of past generations. Then when civilization changed from a purely agricultural type of society so that young people could no longer be independent, the early age of adolescence was postponed.

Recalling the interesting and amusing manifestations of ages 12, 13 and 14, Mr. Martin noted the awkwardness and ungainliness of the high school age period. Students are often defiant and destructively trying to assert their independence.

This is the age of exaggerated tales about their exploits, the speaker explained, and there is the great need to establish good values in human relationships. If they are victims of "teenage love," they grow up selfish and demanding and unable to attain independence of their parents.

It is the age of doubting and readjusting their ideas of spiritual values and unless carefully guided, young people may become very radical. The offset during this period the speaker asserted is the boundless enthusiasm, energy, vitality and capacity to work "if willing." This is an age of imitating heroes and heroines, a sign of the drive to learn how to be adults.

The increase in divorces, "symptoms of personal life failure," shows how education has failed in preparation for family relationships. The speaker feels that schools should teach budgeting that makes a happy home and how to be a good citizen in addition to basic subjects.

Where 40 years ago there were 600,000 young people in high school in the United States, today there are seven million, the speaker reported. "We are educating all the children of all the people," Mr. Martin said.

In conclusion the speaker answered several fallacies about school, affirming that discipline is better than ever before; learning is at a higher level and more American history is taught than in previous generations.

At the business meeting which was conducted by Mrs. Vincent Connelly, the following new members were announced: Miss Anne Donovan, B.A. from New York State Teachers College; Mrs. Edwin Fied, B.S. Teachers College; Miss Charlotte Cooper, B.S. Cornell; and Dr. Ruth Northway, B.S., State Teachers College, M.A., Columbia and D. Ed., New York University.

The Book Group will meet October 25 with Mrs. Ida Sherman and the International Relations group October 20, with Mrs. Connelly.

The district meeting of A.A.U.W. will be held in Kingston at the Stuyvesant Hotel, November 5. It was voted to rent a German film, "Hinterland," in technicolor with the Strauss music, as a money making project for the scholarship fund.

A letter of appreciation from Miss Marjory Morris, one of the recipients of this year's scholarship, was read.

Mrs. John MacKinnon spoke briefly on socialized medicine, urging all present to register opinions with their senator and congressman.

Miss Ione Kinkade was chairman of the hostesses for the social hour which followed the meeting.

Little Gardens Club Heals Papers on Several Topics

Little Gardens Club met Friday afternoon at the home of Miss Bessie Brewster, St. James Court. Mrs. G. A. Nussbaum was a co-hostess.

Miss Brewster had the papers for the afternoon. In the first paper she discussed fennel, herb of the parsley family. She spoke of fennel as being used in materials and was used extensively in condiments, in flavoring and also was a valuable medicinal herb due to its effect on digestion and also is helpful in catarrh conditions. She also spoke of honey and named the popular kinds of honey as being orange blossom, apple blossom, white sage, tupelo, eucalyptus and black locust.

Mrs. Ivan Proctor discussed plant exploration and said in part that civilization owed a great debt to the army of men known as plant hunters who were noted for their courage and persistence and to whom people owe the development of orchards, filled fields and gardens. She spoke of the English East India Company who brought the first useful medicinal plants from the Orient which enriched the gardens of England and America.

The next meeting of the club will be October 21.

Good Taste Today

By Emily Post
(Author of "Etiquette," "Children Are People," etc.)

AGAIN DIVORCE COMPLICATIONS

Dear Mrs. Post: My brother lives nearby and is married a second time. He and his present wife have a standing invitation for supper one evening a week. His young daughter, who lives with her mother in a distant city, is at present visiting her father and stepmother and has been coming with them to our house. Now then comes the complication: The child's mother is coming east and is coming to stay with me some of the time. What do I do about bringing them all together? She is friendly with her ex-husband but, of course, the two wives are strangers.

Answer: Ordinarily the "standing invitation" would be omitted or cancelled during that one week. If on the other hand the two wives are perfectly willing to meet each other, then it is surely the concern of no one else!

Bride's Choice

Dear Mrs. Post: The bride is 21, her one sister, 30, and the other 37. The wedding is to be small and the bride wants to have only one attendant. Which sister should it be? The bride is closer to the older one and the older one is very young looking and attractive.

Answer: Then obviously, the bride's older sister.

Attendants of Honor

Dear Mrs. Post: What is the difference between matron of honor and maid of honor? Which is of highest rank in a wedding in which one has both?

Answer: The matron of honor has been married, and the maid of honor has not. Their rank is equal and correctly, therefore, there can never be more than one attendant of honor, since her duties are not shared.

Intentional Dresses in Double Wedding

Dear Mrs. Post: At a double wedding is it necessary that the brides dress alike?

Answer: The effect is more beautiful if they are in general effect alike—especially as to length of skirt and train, and type of veil, but not necessarily as to model or materials of dresses.

Should a lady stand when she is being introduced to another woman guest? This is explained in Mrs. Post's leaflet, E-17, "Introductions."

To obtain a copy, send 5 cents in coin and a stamped self-addressed envelope to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Mrs. Post is sorry she cannot answer personal mail.

(Released by The Bell Syndicate, Inc.)

Elizabeth Amrod, Nurse, Married To M. Quentin Bell

Miss Elizabeth Margaret Amrod, daughter of Mr. and Mrs. Allen Amrod of 123 Partition street, Saugerties, became the bride of M. Quentin Bell, son of Mrs. Nettie M. Bell, 717 53rd street, West Palm Beach, Fla., Sunday at 1 p. m. in St. Mary's of the Snows Church, Saugerties. The Rev. Raymond Hyland, assistant pastor, officiated.

Mrs. William Johnson was organist. John Keeley was vocalist. Mr. Amrod escorted his daughter. She wore an off white gown made with lace bodice and satin skirt on train. She carried white roses and stephanotis.

Mrs. Chris Rocos of Norfolk, Va., sister of the bride, as matron of honor wore an American beauty gown and carried pink roses. The bridesmaids were Miss Gloria Granwehr of Saugerties in dusty pink gown with bouquet of American beauty roses; and Miss Nora Fadoul, cousin of

the bride, of Yonkers in turquoise satin gown and carrying American beauty roses.

John P. Smith of Kingston was best man. Ushers were John Abdo of Poughkeepsie, cousin of the bride, and John Amrod, Saugerties, brother of the bride.

A reception for 125 guests was held at Barclay Manor, Barclay Heights, Saugerties. Afterward the couple left for a wedding trip. She wore a blue velvet suit with grey accessories. They will live in West Palm Beach, Fla.

The bride was graduated from St. Mary's School, Saugerties, High School and was a Lady of Victory School of Nursing, Benedictine Hospital, Kingston.

Her husband was graduated from Palm Beach High School and served in the navy. He is a flight instructor, Saugerties. Light Company in the navy and putment.

St. Peter's Harvest Dance Announced

The Parish Club of St. Peter's Church in Kingston will present a Harvest Dance in the school hall Saturday night. Parishioners and their friends will dance to the music of John F. and his orchestra from 9 to 1 o'clock.

The atmosphere of informality so well received at previous Parish Club dances will be continued. Individual tables arranged in cafe style will be attractively decorated to suit the season. Several hilarious contests have been planned for the enjoyment of patrons and there will be refreshments all of which will be included in the usual nominal ticket charge.

Tickets may be obtained from

committee members, at St. Peter's rectory, or by calling Miss C. J. Hottelmann at 944-W.

Card Parties

Mannechor Auxiliary. Mannechor Auxiliary will hold a card party tonight at 8:15 o'clock. Refreshments will be served. The public is invited.

McCluskey Visits Sheriff. Sheriff and Mrs. John McCluskey of New York City visited Kingston Wednesday and as guests of Sheriff George C. Smith inspected the Ulster county jail. McCluskey is sheriff of five boroughs of New York City and is president of the New York State Sheriffs Association.

At Wedding Reception

MR. AND MRS. FRANK BARNES, JR. (Pisgah Photo)

Jane Sheridan, Becomes Bride Of Frank Barnes

The wedding of Miss Jane Theresa Veerland Sheridan, 100 Hoffman street, daughter of Mr. and Mrs. Thomas Sheridan of Tarrytown, to Frank Barnes Jr., son of Mr. and Mrs. Frank Barnes Sr., 45 Gage street, took place Sunday, October 9, at 11 a. m. before a nuptial Mass in Holy Cross Episcopal Church, Pine Grove avenue. The double ceremony was performed by the Rev. Stanley Doan, rector.

Walter Kidd was organist and included in the wedding selections, "I Love You Truly," Miss Betty LeTou and Herman LaTou sang "Because, Aye, Mairi, O Perfect Love and At Dawning." The church was decorated with baskets of pink and bronze pompons and white gladioli. On the altar was placed bouquets of large pompons in the same colors, and candles. In the windows were white pompons with honeysuckle and candles.

The bride was given in mar-

riage by her brother, John Sheridan of Newburgh. She wore an off white bridal satin gown made with long pointed sleeves, mandarin lace bodice with Chinese collar and skirt terminating in a cathedral train. Her veil of imported French illusion had a scalloped edge and was attached to a beaded Dutch cap. She carried her great grandmother Sheridan's prayer book with white orchid and streamers mounted with small white pompons. Miss Thomas Owens of Tarrytown, matron of honor for her sister, wore an American beauty slipper satin colonial style gown with matching mitts and half hat trimmed with ostrich tips, and carried a cascade of white pompons and red roses bound with white ribbon. The bridesmaids were the Misses Margaret Barnes, sister of the bridegroom, Mildred H. Sgroi, Dorothy Scott, of this city and Miss James Nucaro, Tarrytown, another sister of the bride. Miss Barnes and Miss Nucaro wore sea green gowns with matching mitts and half hats trimmed with deep green and white ostrich tips, and carried yellow chrysanthemums, bronze pompons bound with

Performer's Role In Music Discussed At Musical Society

Musical Society opened its club year with a dinner meeting at the Governor Clinton Hotel Wednesday night. Mrs. Suzanne Langer, teacher, lecturer, and author of several books on philosophy, was the guest speaker. Mrs. Langer is an associate member of the club and at present is working under a Rockefeller Grant on her new book, "Philosophy of Art."

She spoke to the society last year on "Music as a Symbol of Feeling" and continued this talk last night by discussing the role of the performer in music, on the part of the musician in translating the feeling of the piece of music to the listener.

In the first place Mrs. Langer made clear that to understand music one should hear music as much as possible, studying and reading about music is not important at all especially for the amateur musician, the speaker said. She described the finished product of music as something audible, not the piece written on paper.

In order to explain the creation of a piece Mrs. Langer suggested the possible outlines used by the composer and emphasized that each composition was built on a commanding form which should be discovered by the performer and not altered.

"The composer begins by weaving the commanding form of the piece, the authentic form, the musical matrix, then goes on articulating it with his inner ear," Mrs. Langer explained, "until he feels that so far as he is concerned it is complete. He's got it on paper. Every decision he makes is part of creation of the symbolic form," she said in summing up her remarks about the work of the composer.

Then for the role of the performer Mrs. Langer suggested that the musician "go behind the

notes on the paper, run through what has already been composed, recognize what he has done. By then you come to your own part. You are going right on with it and will be creating as much as he is. . . . Playing music knowingly, understandingly, performing what somebody else has written is exactly as creative as the composer's work and in the same sense you are in that case finishing what somebody has begun."

In conclusion Mrs. Langer pointed out in a simple manner as she addressed performers, "You don't put feeling into music, you take it out."

During a question and answer period she suggested that there were many beautiful simple pieces which amateurs should play a great deal until they become accustomed to feeling what a composer expressed in the music.

During the short business meeting Mrs. LeRoy Vogt, president, presided. Programs for the year were distributed and the next meeting, November 9, will be at the home of the Misses Ethel and Jane Mauterstock, 103 Home street. A program of Chopin's music will be given.

Arrangements for the dinner were made by the program committee. Miss Albert Davis, chairman, Mrs. A. Noble Graham who had charge of reservations, Mrs. Kenneth Hickok, Mrs. Willard Burke and Miss Ethel Mauterstock. The table was decorated with a large centerpiece of colorful chrysanthemums arranged by Miss Davis and garlands of chrysanthemums at each place.

Those attending were the Meses. Bertrand Bishop, Willard A. Burke, Henry Dunbar, A. Noble Graham, Kenneth Hickok, Lloyd LeFevre, John MacKinnon, William Macgregor Mills, William E. Rylance, Harry C. Seitz, John Snyder, LeRoy Vogt, Suzanne Langer, the Misses Alberta Davis, Anne Goldrick, Caroline Little, Ethel Mauterstock, Jane Mauterstock, Lucinda Merritt and Edna Merritt.

Personal Notes

Miss Nancy Davis, daughter of Mr. and Mrs. Julian H. Davis, 172 Wall street, member of the senior class at Russell Sage College, Troy, has been awarded class honors for excellence of her academic work during the second semester of the last academic year. Her major is in the field of pre-medical education.

Miss Thomas Scully and daughter, Marie, Mr. and Mrs. Charles Long of Bridgeport, Conn., spent Sunday visiting Mrs. Joseph Schaver and family in Connelly, P.F.C. Robert J. Murray, son

of Mr. and Mrs. Thomas J. Murray of 17 O'Neil street, has enrolled in Franklin University, Washington, D. C., to study accounting and business law. He is stationed in headquarters division of the 1050th Air Force Wing at Andrews Air Force Base in Washington. Private Murray enlisted in 1948.

'Save a Child' Bowling Benefit Slated Here Next Saturday Night

**Tony Sparando, Michaels, Richards
And Cirillo to Appear at Bowlodrome**

Featuring the personal appearance of Tony Sparando, Jean "Mickey" Michaels, Irene Richards and Johnny Ferraro, one of the greatest local bowling shows of recent years will be staged Saturday night, October 15, at the Bowlodrome on Cornell street for the benefit of "Save a Child Foundation," a national organization.

The appearances of these ten-pin guests will be in addition to Al Cirillo, bowling commentator of Station WJZ-TV, who will act as master of ceremonies.

No admission will be charged for the benefit. The public is invited.

The New York trio of Sparando, Michaels and Richards, familiar to local bowling crowds, will roll in a match against the local stars led by Ferraro, proprietor of the Cornell street bowling layout.

Appearing with Ferraro will be Rose Schatzel, Dot Fleming, Evelyn Gross and several other top-notch Kingston bowlers.

The appearance of the three top New Yorkers will afford local bowling enthusiasts the chance of witnessing some of the finest tenpin luminaries of the east.

Sparando, who bowled in Kingston a couple of years ago, is the Empire State champion and was included in the vote, cast by 49 members of the National Bowling Writers Association as the 1948-49 bowler of the year. The final vote crowned Connie Schwagler of Madison, Wis., as the holder of the title.

Besides the Woodside, N. Y. ace, the big bowling benefit will have Jean "Mickey" Michaels at the local lanes. "Mickey" was the 1948 W.B.C. individual sweepstakes champion besides holding the all-events championship of New York state.

Victor over Rose Schatzel two years ago, Irene Richards of Hempstead, L. I., also is regarded in the top bracket of the current female travelers.

The October 15 bowling show is scheduled to get underway at 8 o'clock.

Even Admirals Rave About Navy's Pair Of Grid Victories

Annapolis, Md., Oct. 13 (AP)—Catch an admiral out of Washington talk about football and he's as exuberant as a boat sailor on liberty the first time. The Navy's been winning football games.

Denfeld, Halsey and others cheered with the brigade last Saturday when the midshipmen torpedoed Duke, 28-14.

It was only the second consecutive victory for Navy—but for Navy, that's something. Previously, it had taken three painful seasons, 1946 through 1948, to win that many.

During the ordeal, the Midshipmen suffered one stretch of 15 games and another of 11 without taking one decision.

There were hopeful murmurs last spring, but not until two Saturdays ago did shouts really go up along the seaven. Navy submerged Princeton, 26-7, to end the longest losing streak in Annapolis history.

The Midshipmen actually landed in the second ten among top teams selected in the latest Associated Press poll.

IN BOWLING BENEFIT MATCH

Johnny Ferraro, "Mr. Ace" of Hudson Valley tenpin circles, will be included in the array of bowling talent scheduled to appear Saturday night, Oct. 15, at the Bowlodrome in the benefit for the "Save a Child Foundation." Others scheduled to bowl here are Tony Sparando, Mickey Michaels, Irene Richards and several other Kingston stars. (Freeman Photo.)

Bowling

Jack Haulenbeck powered a neat 588 triple on scores of 193-192-203 to pace the City Minor League this week.

B. Schaller took the runnerup spot with 554 and a 199 singleton. Other good scores reported included A. Maurer with 211-547; Joe Mahat 195-541; Ralph Mayone 202-540; T. Clausi 185-532; A. Buddenhagen 187-526; and Ralph Dumingo 184-521.

Lou Secreta's 204-567 pair topped the Bowlodrome Mixed circuit. His other counts were 191 and 172.

Others in the "300" circle were Dick Howard with 200-539; J. Beckhold 200-539; J. Beckhold 184-504; and Len Flier 178-502. Rose Schatzel finished with a 491 series.

J. Doyle turned in the only 500 for the Rookie League with his 527 series on games of 181-149-157.

Others of note were D. Riehl with 494; E. Lowe 489; C. Dillay 486; G. Bodenweber 479; and Joe Heidcamp 475.

Good scores generally prevailed in the Bowlodrome Mixed circuit. Top honors went to 524 triple on games of 190-186-148. Jim Cave struck 167-171-179 for 517 and J. Houghaling completed the "500" members with 193-159-151-503.

Others of note included Bob Steeger with 188-476; George Houghaling 197-492; Flying Saucer 170-481; Mike Weil 176-483; George Kuriger and S. Hyatt 483.

Bill Massenholder topped the singleton department with a 212 solo and 467 series.

Rose Schatzel led the Gold Division of the Colonial Women's League at the Bowlodrome Wednesday night with a neat 571 triple but the real news was a rousing 242 single by E. Singer of the Bowl-o-Lites.

After two games of 135 and 119, E. Singer finally exploded and sprayed strikes all over the place and wound up with her gaudy 242 mark and a 496 triple.

In leading the loop, Mrs. Schatzel fired games of 208-178-183 for her 571 series. Other members reaching the "500" circle included Marge Janson with 184-512; Bev. Murkle 182-508; Phyl Gehringer, who continues her steady bowling, shot 190-511 and Rita LaRocca 187-516.

Also in the top bracket were Rita Frederick's 173-493; Dot

Rawling 478; and Evelyn Gross 475.

Betty Holmbold's 463 topped the Silver Division on scores of 180-158-145. Others of note were Helen Brosdie with 174-424; Ella Lowe 169-449; Bertha Schaller 173-420; Hilda Krum 426; H. Webber 194-444; Dot Murphy 431; and Marie Kelekan 427.

H. Mayer reeled off the lone 400 in the Purple Division with her top effort of 432 on 475-126-131.

"Piano, first name unreported, featured the Rip Van Winkle action this week at the Bowlodrome with a fine 582 triple. The Peravio anchor fired games of 206-178-198.

Elsewhere in the circuit, Defels shot 473; J. Bennicase 197-535; Lyle 195-465; Bill Hornbeck 160-462.

Opening with a 208 Mast, E. Tymeson led the Church Federation American Division Wednesday night with a 545 series. His other games included 171 and 166.

In the runnerup slot was H. Osmer who fired 204-520.

Also in the limelight were Bill Hornbeck with 177-516, Alva Bruce 207-508; F. Schussler 187-187-506; and Ted Young 191-500.

Report No Negligence

Detroit, Oct. 13 (AP)—Investigations for the prosecutor's office reported today they had found no evidence of negligence in the ring death of Emanuel Bussey, Detroit lightweight boxer. Members

of Prosecutor Gerald K. O'Brien's staff, however, were continuing to take statements from principals in the fight promotion. Bussey, 25, was a ring veteran, was knocked out by Luther Rawlings of Chicago in a bout at Arcadia Monday night. Eleven hours later he died

in a hospital of a blood clot on his brain. Bud McFadin, 235-pound junior guard at the University of Texas, also is the school boxing champion and won the wrestling title as a freshman.

Boxing Show Is Set for Tonight

This is fight night in Kingston and another card of real action fighters has been arranged for the municipal auditorium ring by Chairman Bill Singer of the B'nai B'rith boxing committee.

The three-pound curtain-raiser is scheduled for 9 p. m. The seven bout card is as follows:

Five Rounders
Gil Turner, Philadelphia, Pa., one of the best welterweights in the U. S. vs. Albert Anderson, Quonset Naval Station, a runnerup in the national championships as a member of the Hawaiian team.

Jesse Gathers, Philadelphia, Pa., New York Golden Gloves champion, vs. Lou Wigfall, Quonset Naval Station, a classy featherweight with a good punch.

Lenny James, Philadelphia, Pa., a rough and tough lightweight, vs. Libby Manzillo, Jeffersonville, a Kingston favorite.

Bob Provizal, Scranton, Pa., a clever boxer with a dynamic punch, vs. Tito White, Albany, a real action fighter.

Three Rounders
Bob Hornbeck, 160, Poughkeepsie vs. Eddie Albertson, Troy.
Dom Mirante, 130, Hudson, vs. Bobby Cook, Albany.
Sam Rosenbloom, 175, Ellenville, vs. Dave Prossili, Albany.
Ringside seats are on sale at B'nai B'rith clubhouse on Wall street and may be ordered by phone.

Yanks Buy Two Coast League Stars For 1950 Delivery

By JOE BECHLER

New York, Oct. 13 (AP)—The New York Yankees, announcing they won't "stand pat" on their present world championship team for 1950, bought two of the brightest stars in the Pacific Coast League today.

Manager Casey Stengel announced the purchase of Jackie Jensen, outfielder who is a former California football star, and Alfred (Bilky) Martin, an infielder. They were bought from the Oakland club, which Stengel managed last year.

No price was divulged, but it's rumored the Yankees shelled out in the neighborhood of \$100,000 and five players for the two athletes, who were widely sought after by major league clubs.

"You never sit tight," Casey told newsmen in the Yankees' final news conference of the season yesterday. "You can't afford to stand pat in this league. We're going to try to strengthen our pitching staff, although it looked pretty good in the last week. Sure, we could use a couple of pitchers."

Socks Outfield, Strength
"I'd like to improve my outfield a little, too. We're willing to listen to anybody who has something reasonable to offer."

Jensen, 22, is the former football star at the University of California. He is a bonus player. Owner C. L. (Brick) Lums, in hearing 14 big league clubs to his services, lured him at the close of the college baseball season last spring with a bonus of \$40,000 plus a three-year contract at \$15,000 per year.

"My scouts tell me that Jensen is the greatest outfield prospect in the minor leagues," said Casey. "He is fast, has tremendous power, and owns the strongest arm in baseball since Bob Meusel."

In 125 games with the Oakes, Jensen hit .261 last season. Included in his 122 hits were 21 doubles, seven triples and nine home runs. He drove in 78 runs. Jensen is engaged to wed Zoe Ann Olsen, national diving champion.

Stengel said eight clubs had been after Martin, a second baseman who also can play short or third.

Martin, 21, hit .284 this year—including 29 doubles, three triples and 13 homers. He drove in 91 runs.

When Yale and Harvard meet in the Yale Bowl on Nov. 19, it will be the 66th game between the rivals.

LINEMAN OF WEEK

Clayton Tonnemaker (above), rugged, 240-pound Minnesota center, was selected as the Lineman of the Week in the third poll of the season of The Associated Press.

Football Briefs

Philadelphia, Oct. 13 (AP)—Coach George Munger's University of Pennsylvania starting lineup for Saturday's game with Columbia is still very much a question mark.

Three key players, now on the injured list, may or may not be ready to play against the Lions from New York.

The three are guard Bernie Lemonick and two quarterbacks, Dave Coulson and Warren Horton.

Syracuse, N. Y., Oct. 13 (AP)—Because of injuries, three first stringers will be out of the Syracuse football lineup in the Rutgers game Saturday.

Remaining here when the Orange squad leaves tomorrow for New Brunswick, N. J., will be center Leon Cohen and halfbacks George Silvani and Bob Rydberg.

Ithaca, N. Y., Oct. 13 (AP)—Coach Lefty James ordered a final heavy workout today for his Cornell football squad in preparation for the Yale game at New Haven Saturday.

Capt. Paul Girolamo drilled with the squad yesterday for the first time since he suffered a shoulder injury in the Niagara game Sept. 24. Girolamo a halfback, is not expected to see action against Yale, but may start against Princeton a week from Saturday.

Track Star Cain Basis of Army's Football Attack

West Point, N. Y., Oct. 13 (AP)—Speed and more speed is the basis of Army's football attack, and that's why a sprinter from the track team is in the Cadet backfield.

His name is Jimmy Cain, who in his second season of college football is undertaking to fill the shoes of Bobby Jack Stuart, an All-American last fall. He was an understudy to Stuart last year, and he learned well.

Cain, a quiet, soft-spoken native of Raleigh, N. C., first came into prominence around here as a trackman. The 176-pound halfback was a sprinter on the Army track team. He was lead-off man on the heptagonal championship 440 yard relay team and competed in dashes, both indoors and out.

Until this year, he was unable

to harness his speed and had some difficulty eluding tacklers in the secondary. But with his 1938 experience, Cain has demonstrated spots of brilliance in the three Army victories over Davidson, Penn State and Michigan this fall. Last week, when Army needed him most, Cain was superb as he played by far his best game since donning the Cadet pinstripes.

The Raleigh speed demon was the leader in Army's rushing attack with a net of 45 yards in 10 tries. He scored one touchdown in the 21-7 victory, and caught one of five passes completed by Quarterback Arnold Galda.

Money Only Tune
San Francisco, Oct. 13 (AP)—Joe Louis says "it's the money, definitely not the possibility of a title comeback that lured him from retirement into an exhibition schedule. 'I do not plan even to fight for the championship again,' a sullen Louis declared yesterday. He seemed startled that anyone would question the sincerity of his retirement."

A high-goal polo player often rides between 11 and 12 miles during a single game.

OUR FASHION-ALERT MEN'S DEPT. IS

Ready for Fall

RAYON SPORT SHIRT

by "TEXTRON"

Here's a long sleeve Rayon Sport Shirt in all new Fall colors. Its long sleeves with two pockets and just the right weight for this time of year. NOT too heavy — NOT light — JUST RIGHT. Try one — you'll want more. They are all washable.

Sizes S, M, ML, L

4.95

RAYON GABARDINE SPORT SHIRT

Women Bowlers to Sign Contract Tonight for 1950 State Tourney

Mass Meeting Stated For 'Y' at 8 P. M.

One of the final and most important steps in bringing the 1950 New York State Women's Bowling Association tournament to Kingston will take place at the Y.M.C.A. tonight when it is expected that the contract will be signed designating Kingston as the actual tournament site.

Tonight's meeting at the "Y" will start promptly at 8 o'clock.

This was announced today by Reta Frederick, secretary of the Kingston Women's Bowling Association, who requested a full turnout of all members of the K.W.B.A.

Three high state officers of the N.Y.S.W.B.A. will be in Kingston tonight to sign the contract and assist the local officers and bowlers with preparations for the 1950 tournament which is scheduled to open March 7, 1950, and run until Memorial Day.

State officials listed to appear at the contract signing tonight are John P. Lasher of Albany, state president; Ruth C. Hunsinger, Utica, state secretary; and Ann K. Happel, Poughkeepsie, state treasurer.

Hopes for a 100 per cent turnout of the K.W.B.A. membership also was expressed today by President Evelyn Dolson who stated "we practically have the 1950 convention in our city right now and it's up to all of the women bowlers of the city to attend tonight's important meeting to show that we are united and prepared to do everything possible in making the 1950 tournament one of the most successful in history."

Meeting with the state officers will be Evelyn Dolson, president; Chris Wilson, vice-president; Reta Frederick, secretary; Margaret Trowbridge, treasurer; and Emma Kubicek, sergeant-at-arms. Caroline Mohr, Lillian Buswell and Cora Emerick, board members of the K.W.B.A., also will confer with the state officers.

Kingston Keglers, finally realized their cherished dream of bringing a state bowling tournament to the city last April when the 1949 tournament was held in

Sportsmen to Hold Field Day Sunday

The Rosendale Sportsmen's Association, Inc., will be hosts for the annual sportsmen's field day Sunday, Oct. 16, at the Rosendale club's grounds, lower end of the Lime Plant road in Tilton. Teams will start shooting at 10:15 a. m. The field day is conducted and sponsored each year by the Federated Sportsmen's Clubs of Ulster county.

Matches will include the Ulster county championship team race and the Ulster county individual championship event. The Shotgun system will be used as in previous years. The matches will take place rain or shine.

Prizes which will be awarded to the winners will be on display on the grounds. Refreshments will be served during the matches.

Vincent M. Steeley of Rosendale, chairman of the committee in charge, reports that the entry fee for teams or individuals does not cover the cost of shells. These must be purchased on the grounds.

Red Wings Capture 10th Straight Hockey Opener

Detroit, Oct. 13 (AP)—The defending champion Detroit Red Wings got off to a flying start in the National Hockey League race last night, edging the Boston Bruins 2-1 in the league opener.

The Chicago Blackhawks and Montreal Canadiens will clash at Montreal tonight in the second game of the N.H.L. campaign. Detroit, with Center George Gey rapping in both its goals, had to come from behind to edge suburban Boston. The Bruins scored their lone goal in the opening seven minutes of a bang-bang affair.

A comparatively small crowd of 11,061 fans saw the Detroiters preserve their record of not having dropped an opening game in 10 years.

Roosa, Williams Paced Local Horseshoe Keglers

The Kingston Horseshoe Association, at the close of its season, announces the following final standings, the result of two match games:

Al Roosa	12	0
Ken Williams	12	0
Lance Martin	10	2
W. Farrell	5	1
Harry Smith	8	4
Carl Bowser	8	4
Al Nonnemuecker	4	2

Al Roosa averaged over 80 per cent fingers, and in one game threw 73.3 per cent fingers.

Cagers Seek Games

The Glen's Clippers, Schenectady senior league basketball champions, are seeking games with area clubs. The team won 35 and lost 10 last year. Interested captains or managers are requested to notify Bob Skutarczak, 40 Columbia street, Schenectady, for games.

The 54-man Army football squad is out of bed at 5:50 a. m. and follows the same rigorous and academic schedule as the Corps.

NOTRE DAME CO-CAPTAINS

Leon Hart (right) star and for Notre Dame, gives Tackle Jim Martin an assist with his shoulder pads at South Bend, Ind., before secret practice session in preparation for the Irish battle against Tulane. The two gridgers are co-captains for Notre Dame. Hart, an expert on the end-around play, replaced Martin on the play last year when Jim was shifted to tackle. (AP Wirephoto)

Sotella, Reserve Middle Back, Lost For 1949 Campaign

Middletown High School's hopes for a DUSO League gridiron championship received another jolt this week when it was announced that Joey Sotella, reserve quarterback, will be lost for the balance of the season due to a severe wrist laceration which he suffered in last week's game against Newburgh.

Actually, it was the third off the field setback for Coach Ed Rodick's Middies who play hosts to Kingston High School Friday night at Wilson Field.

In the opening game against Binghamton High, Captain Dick Brown, the Middletown left tackle, fractured his right arm on the opening kickoff and was lost to the club for the remainder of the 1949 campaign.

Before the recent game with N.F.A. Bobby Stevens, crack Negro backfield man, quit school and added more headaches for Rodick.

Although he subbed for little Charlie Newkirk, the 134-pound quarterback, Sotella was regarded as a fine replacement and without a doubt his absence will be felt for the balance of the season.

Another casualty in the Middle camp is Eugene Currier, the varsity right halfback who suffered a knee injury in the N.F.A. engagement. Currier has reported for daily drills with the Middies this week, but he is still limping, and may not be ready to face Kingston Friday night.

Private Business to End

Prague, Czechoslovakia, Oct. 13 (AP)—Informed sources said today that Czechoslovakia's Communist-led government aimed at wiping out remaining private enterprise by the end of this year. These sources said this explained the terror raids of police who have arrested thousands of small businessmen in the last few days and confiscated their businesses for government ownership. Many of the arrested shopowners have been reported sent to labor camps for two year terms. Under such confinement they lose their licenses over to operate shops again.

A light year means a distance of about six trillion miles.

Charles' Manager Seeks Distant Fields of 'Green'

San Francisco, Oct. 13 (AP)—How cocky can you get?

Ezzard Charles defends his N.B.A. heavyweight boxing championship against Pat Valentine, the San Francisco Samson, here tomorrow night, but his manager's eyes are set on more distant green (back) fields.

Virtually ignoring Valentine—the local Latin with the long, long locks—Jake Mintz talked today of a title defense for Charles before year-end. And he didn't mean the 15-rounder which may pack 20,000 fans into San Francisco's Cow Palace.

Sure, Ez is a 1-5 favorite. The odds even might lengthen a bit before the Cincinnati Negro climbs into the ring at 10 p. m. tomorrow (1 a. m., E.S.T., Saturday).

Mintz said he has no specific challenger in mind. He seemed to consider the Valentine fight already won.

Fight With Grizzly Costs 200 Stitches

Fairbanks, Alaska, Oct. 13 (AP)—Dan Luddington fought a close-in bout with a grizzly bear and won, but he was hospitalized today with 200 stitches.

Luddington met a she-grizzly with her cub head-on near Summit Lake.

"My rifle failed to fire the first shot," he recounted, "and she got me down. She was pawing, mauling and raking me with her claws and I was trying to get away and at the same time reload my rifle."

"It seemed like my head was in her mouth when I got another shell in the chamber. I managed to get my rifle around while she was dragging me by one leg. The bullet hit her in the chest and she dropped."

Luddington painfully inched himself a mile to a road where he was picked up by an Alaska Freight Lines truck.

He told his story in the Fairbanks Hospital. Luddington, owner of a roadhouse near here, had 200 stitches taken in his face, scalp, arm and leg.

Fullback John Panelli and End George Brodman, new players with the pro Detroit Lions, each were assistant coaches at Notre Dame and Georgia Tech, respectively, this spring.

ENGEL TUSSLES WITH HIS ATTORNEY

Sigmund "Sam" Engel, 73-year-old wooer of well-to-do widows who frequently eloped with their fortunes but not with them, tussles with his attorney, J. Edward Jones (left) outside federal court in Chicago after Engel was freed on a \$100 cash bond. The fracas started when Engel and his bondsmen, who also posted a \$37,500 real estate bond, argued about having a guard posted on Engel to guarantee his appearing at a hearing November 1. (A.P. Mayor Receives Y-Teen Membership

A representative group of Y-Teens met at City Hall Tuesday afternoon to induct Mayor Oscar V. Newkirk as honorary Y-Teen in observance of the nation-wide Y-Teen Roll Call week. The mayor received a Y-Teen button to wear this week as well as the Y-Teen pennant for his office. Among those witnessing the presentation were from left to right, Miss Harry E. Walker, representative of the Y.W.C.A. board of directors; Miss Joan Brueckner, treasurer of Tri-Hi; Mayor Newkirk; Miss Patricia Hayman, secretary of Tri-Hi; Miss Mickey Amarello, president; and Miss Alberta E. Davis, club advisor. Hearing about the chocolate for Christmas collection Y-Teens are making, the mayor presented Miss Amarello with the first chocolate bar to open the campaign and complimented the girls on thinking of their sister Y-Teens in other lands. (Freeman Photo.)

Germ Carrier
The mosquito which spreads human disease must itself be sick, because only by injecting germs which make her sick can she spread disease to a human being.

LYONSVILLE

Lyonsville, Oct. 13.—Richard Mahon, Mr. and Mrs. Victor Mahon, Mrs. Mahon's sister-in-law and children spent Sunday at the newly acquired Mahon home the former P. Garcia place.

Considerable damage was done during the rain and wind storm Monday to a building on the Max Jacob farm.

Mrs. Henry Wager recently returned to her home after visiting for some time with relatives in Ellenville.

Mrs. John Anderson recently spent a few days with relatives and friends in New York.

Wanda and Ronald Roosa are confined to their home by illness.

Mr. and Mrs. Frank Smith and daughter and Mr. Smith's sister, Mrs. Emma Mason, all of Ellenville, recently called on Mr. and Mrs. Ray Davis.

Mrs. Elmer Myers, Sr., is reported ill at her home.

Mrs. Frances Davis of Milford visited her niece Mrs. J. E. Burger last Wednesday afternoon.

Will Publish Book
New York, Oct. 13 (AP)—Ernest Hemingway's first book since 1940 will be published in March, Charles Scribner's Sons announced today. But it isn't the book Hemingway has been working on for years—it's an entirely new work started only eight months ago. It will be Hemingway's first since "For Whom the Bell Tolls." Scribner did not reveal what the book is about—except that it is full length. In its announcement, the publishing house disclosed that Hemingway nearly died last winter in Italy from a strange accident that incidentally resulted in the new book. "While shooting wild fowl, a tiny fragment of shotgun wadding fell into his eye and its presence was not discovered for several days," the announcement said.

Lawyer Is Killed
New York, Oct. 13 (AP)—Herbert Rosenblatt, 37, a New York lawyer, hunter and gun collector, was killed accidentally while cleaning a rifle today in his East 75th street apartment, police said. His housekeeper, Josephine Keller, said he had just finished cleaning one gun in his den and reached into the gun rack for a 30-06 rifle. She heard a loud report, rushed into the den and found Rosenblatt's body on the floor. The bullet went through his head. Rosenblatt was a lieutenant commander in the Naval Reserve and was on active service throughout the war. He maintained a law office with his brother, Sol.

Big Crop Expected
Boston, Oct. 13 (AP)—New England is due for a bumper apple crop, the Federal Agriculture Department said today. Apple production is expected to reach 8,419,000 bushels, a 600,000-bushel jump from the September first estimate. It will be the largest crop, with the exception of 1942, since 1934. McIntosh apples accounted for more than half the big crop.

Loans Not Appreciated
New York (AP)—A publisher today in this newspaper ad on a new book: "Do not lend this book. Not only will you not get it back, but it will cut our sales appreciably."

CERTIFICATES FILED

Michael C. Starkman of 26 Lucas avenue has filed a certificate with the county clerk stating he is doing business at 292 Fair street, under the name and style of Valley Advertising Agency, being successor in interest to Christopher D. Morris who has sold out his interest.

Constance Johnston of Napanoch has filed a certificate stating she is doing business at Ellenville under the name and style of Nevele Beauty Salon.

Francis Doyle of 67 Clermont street, Saugerties, and Theodore L. Haines of 46 Ulster avenue, Saugerties, have filed a partnership certificate stating they are doing business as Doyle & Haines Tree Removal Service at Saugerties.

Marlborough Dress Company, Inc., has filed a certificate of incorporation. The company is formed to design, manufacture, buy, sell and lease in men's, ladies' and children's wearing apparel.

Principal place of business is Main street, Marlborough and the company starts business with 200 shares of no par stock. The four directors are Frank Consoli and Assunta Lo Pergolo of Marlborough and Paul and Ruth Seldin of 1160 Evergreen avenue, Bronx.

Fish Changes Views
Wappingers Falls, N. Y., Oct. 13 (AP)—Hamilton Fish, former Republican congressman, announced last night that he had traded his policy of isolationism for one of whole-hearted support of the Atlantic Pact. Fish said he made no apology for being an isolationist, and had changed his views because armed force is the only instrument that the Soviet Union fears.

He made the statement in an address at a Columbus Day dinner here. Fish predicted that within 10 years 400,000,000 well trained Chinese Communist troops would "swarm across Persia to the Suez Canal."

Proclamation

WHEREAS it has been brought to the attention of this office that 90 years ago forward-looking businessmen drilled the first successful oil well, and

WHEREAS it is significant that those 90 years have been the 90 years of greatest progress for our nation and our community, and

WHEREAS members of our community who are engaged either in producing, transporting, refining or marketing petroleum products desire to report to other members of our community on the progress of their free and competitive industry, and

WHEREAS OCTOBER 16th to 22nd inclusive has been designated as "Oil Progress Week" when members of the oil industry will cooperate in informing the public about the ways in which their industry has contributed to our high standards of living and to the preservation of our free, democratic American way of life

NOW, THEREFORE, I, OSCAR V. NEWKIRK, Mayor of the City of Kingston, do hereby proclaim the week of October 16th to 22nd inclusive to be Kingston Oil Progress Week and direct the attention of our citizens to a study of the contribution and service the oil men who live among us make to our public, social, business and private life.

OSCAR V. NEWKIRK
Mayor

Fire Prevention Display

In connection with National Fire Prevention Week, a novel window display was arranged by the Kingston Division of the Scranton Lace Company, Cornell street. Two models of the mills were displayed, showing the buildings before, and following a serious fire.

The display was planned and constructed by Henry R. Barten and Hollis E. Harvey in an effort to make employees fire conscious. Deputy Fire Chief George Matthews visited the plant Wednesday morning and highly praised the effective window display. He then accompanied the plant manager, Ralph M. Cooper on an inspection tour and congratulated the mill personnel for their good housekeeping and fire prevention precautions.

Day Nursery Sets Campaign Dates

Financial campaign dates were set by the Day Nursery Board of Directors at a special meeting Wednesday night. The drive will be held November 8 to 13 when an effort will be made to raise a sum not only for operational expenses but for repairs to the building at 24 Barmann avenue, and for new equipment to replace items which have been in use for 13 years. The campaign quota will be announced within a few days.

The newly organized board of directors met at the Y. W. C. A. with Mrs. Ronald Herlick, president, conducting the meeting.

Reports were heard from Capt. and Mrs. Charles Evans of the Volunteers concerning the needs of the nursery.

Another meeting of the board of directors is scheduled for October 21 when a budget will be discussed and amount determined necessary to be raised in the coming drive.

Coffee gets its name from the province of Kaffa in Abyssinia.

Auto Daredevil Slated at Reade's

Peter Grant, daredevil auto driver of Kingston, will attempt the stunt of jumping a stock automobile over a highway bus and crash landing into seven parked cars nightly on October 18, 19 and 20 at the Walter Reade 9W Drive-In Theatre. It was announced today by Robert W. Case, district manager for Reade theatres.

Grant is a member of Ward Beam's "World Champion" Auto Thrill Show troupe. He will attempt the jump at approximately 8 o'clock each night, under the direction of Beam.

A highway-sized bus will be parked in the holding area at the rear of the Drive-In, with a wood ramp leading from the ground to the rear of the bus. Near the front of the bus seven old cars

will be parked bumper-to-bumper. Grant will start a stock car at the Drive-In exit, roar up the exit road to gain the necessary speed, and will try to leap the length of the bus and crash land into the parked autos. He also expects to crawl out of the stock car unhurt.

The stunt has been the featured event of Beam's Auto Thrill Shows, which have been touring the country for several years. Case and Jack Hamilton, manager of the Drive-In Theatre, said the jumps will be made an added attraction to the theatre's regular double-feature screen shows.

The state of Ohio is almost square, measuring virtually 200 miles on each side.

with **REMOVABLE**
WOODCO R.O.W. WINDOWS
you can clean both sides
indoors... get full ventilation
in summer!

No more outside window washing! Gently push the left side of the Woodco R.O.W. window, and it lifts out from the right side. Easily put back the same way.

Woodco R.O.W. windows slide along a metal spring cushion. They never stick; never rattle. R.O.W. means Removable — Opens Easily — Weatherstripped. Over 4 million in use. Insist on R.O.W. removable windows when you buy or build your house.

Thermopane PICTURE WINDOWS
WITH WOODCO REMOVABLE WINDOWS

Picture windows are a new idea in home construction and decoration. They admit sun—daylight—wide, sweeping views of the outdoors scene.

And there Woodco picture windows have additional advantages! They are made of Thermopane which keeps rooms cooler in summer and warmer in winter. Thermopane gives perfect insulation, because it consists of two panes of glass with a dry air space between. It is a product of Libbey-Owens-Ford.

The Thermopane unit is flanked by two R.O.W. windows which facilitate ventilation and cleaning.

LIBBEY-OWENS-FORD

WOODCO WIND-O-ROBE... YEAR-ROUND
STORM AND SCREEN COMBINATION

No more ladder-climbing to change screens and storm-sash! All Wind-O-Robe units can be hung and removed from the inside. During cold weather, combine (A) the two storm units to a full storm-sash. Hot spell coming up? Use (B) one storm unit with a half screen, or (C) a full screen.

Wind-O-Robe storm-sash are made of Ponderosa pine, screens of aluminum. They fit all wood windows. Half-size units are easy to handle and store. Priced from \$8.60 to \$14.19.
